5 June 2014

Dear Mayor

Consultation on Deposit of Transport for London's Petition against the HS2 Bill

At its meeting yesterday, the Transport Committee considered a request from TfL, set out in a letter from Michèle Dix, Managing Director of Planning, to express a view as to whether the Mayor should consent to TfL proceeding with its petition against the High Speed (London – West Midlands) Bill (HS2 Bill).

As the Assembly has already been consulted on your own draft petition, and TfL's petition is intended to be complementary in content, I am writing to confirm on behalf of the Assembly that TfL should be permitted to continue with its petition against the HS2 Bill.

Yours sincerely

Caroline Pidgeon MBE AM
Chair of the Transport Committee
