## **PART I – NON-CONFIDENTIAL FACTS AND ADVICE**

### **Decision required – supporting report**

#### **1. Introduction and background**

The proposed new role will:

- lead delivery of the Mayor's Integration Strategy, top priority of which is the GLA's strategic work on English Language provision in London
- develop and deliver a strategic engagement programme to secure future funding for the London Strategic Migration Partnership (LSMP)
- lead on engagement with strategic partners on asylum policy in London.

#### **2. Objectives and expected outcomes**

The top priority workstream of the Mayor's Integration Strategy is English Language, recognising that lack of English is the biggest barrier to migrants and refugees being able to integrate well into mainstream society and to their finding and retaining work.

Demand far exceeds supply of ESOL (English for Speakers of Other Languages) in London; provision remains patchy and uncoordinated; standard ESOL courses are notoriously ineffective in giving people adequate levels of English. Since 2011 the GLA has been undertaking strategic research into English Language, pursuing policy asks with Government, bringing partners together to achieve a more co-ordinated approach and pursuing avenues for additional resources. The GLA and LSMP are now recognised as the strategic leader across London for all partners in this field, and by Government.

Expected outcomes of this post are:

- Future funding strategy for LSMP agreed with the Home Office
- Better co-ordinated and more strategic approach to ESOL provision pan-London
- Improved provision of services for Asylum-Seekers in London

#### **3. Equality comments**

GLA research has shown that the groups most disadvantaged by recent changes in ESOL funding are women with young children, vulnerable migrant workers in low paid, low skilled employment, and asylum-seekers. Creation of this post will allow the GLA to pursue strategies designed to have a positive impact on these disadvantaged groups.

#### **4. Other considerations**

This post will drive forward the Mayor's Integration Strategy: London Enriched

#### **5. Financial comments**

- 5.1 Approval is being sought for the funding of a temporary Grade 10 post on Immigration, Asylum and Integration in the Diversity and Social Policy Team for the period August 2014 to end of March 2015.
- 5.2 For the 8 month period of the post until the end of March 2015, costs equate to £42,000 (inclusive of on-costs), which will be funded via a virement from the Central Programme budget for 2014-15.
- 5.3 Given that the post is to be recruited on a fixed term contract basis, the GLA may become liable for redundancy and / or pension capital costs if the appointee has on-going continuous service from a local authority or equivalent body. Such costs cannot yet be quantified but will be contained within existing budget provision allocated to the Health & communities Unit and if applicable will be

subject to further approval via the Authority's decision-making process. All appropriate budget adjustments will be made.

- 5.4 The post-holder will be located within the Health & Communities Unit (Communities & Intelligence Directorate).
