Dear Colin,

Regeneration Committee – 16 September 2014

The London Assembly's Regeneration Committee held a meeting on 16 September 2014 to discuss stadium-led regeneration.

During the course of the discussion the Committee suggested that the Chairman write to the GLA Planning Team, in relation to a Mayoral Development Corporation (MDC), to follow up on issues around local employment targets.

- What employment targets does the GLA expect to set under a new MDC at Old Oak Common?
 - Would you expect to set a London-wide or a local employment target?
 - What proportion of employees would you aim to be residents of the three boroughs of Hammersmith and Fulham, Brent, and Ealing?
- Does the GLA have a strategy to ensure local jobs for local people at Old Oak Common?
- What structures would you use to establish and manage local employment targets; for example, would you make local employment targets a requirement of all large contracts?

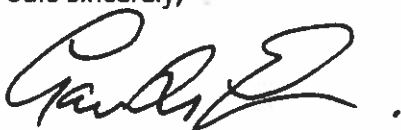

I would be grateful to receive any of the above information by mid-October, if possible, in order for it to be reported back to the Committee.

A draft transcript of the question and answer session is enclosed for information. It is published on the GLA's website as a draft, until it is confirmed by the Regeneration Committee at its meeting on 26 November 2014.

Thank you for your time and your contribution to our investigation.

Yours sincerely,

Gareth Bacon AM

Chairman of the Regeneration Committee
