**Subject:** A City for All Londoners: Healthy Streets

It is great to see that you recognise that transport is one of the most significant and effective ways that you can improve the health of all Londoners. I welcome your strong focus on making it easier and more attractive for people to walk and cycle by reducing the dominance of traffic. Active travel is the main way that Londoners get their exercise and many more Londoners need to walk and cycle more to benefit their health. I strongly support you taking the Healthy Streets approach which will improve everyone’s health, reduce inequalities and make London a more liveable city.

Regards,
