Subject: Response to consultation on 'A City for All Londoners'

Dear Sir or Madam

Please confirm receipt.

Thank you for the opportunity to respond to the Mayor's consultation on 'A City for All Londoners'.

I am writing on behalf of the Knightsbridge Neighbourhood Forum (KNF) to ask you to include policies in the new London Plan that match or exceed in ambitions all those in the 'Pre-submission (Regulation 14) version of our proposed neighbourhood development plan. It can be seen here with associated documents:

<http://www.knightsbridgeforum.org/planning/consultation/>

The KNF is submitting the 49 policies in 'Part One' as proposed policies for the Mayor to adopt in the new London Plan:

http://www.knightsbridgeforum.org/media/documents/part_one_knightsbridge_neighbourhood_plan_pre-submission_consultation_081216.pdf

I would point you to the following policies for example:

1. Tall buildings (KBR7 on page 19)
2. Roofscapes and balconies (KBR11 on page 24)
3. Metropolitan Open Land including the Hyde Park Barracks Land (KBR14-16 on pages 27-35)
4. Neighbourhood Stress Area (KBR17 on page 38)
5. Office uses (KBR25 on page 45)
6. Household and commercial waste consolidation (KBR26 on page 46)
7. Knightsbridge Code of Construction Practice (KBR27 on page 47 and Appendix B)
8. Strategic Cultural Area (KBR31 and KBR32 on pages 51-54)
9. Many policies on active travel, electric charging infrastructure etc (KBR33 to KBR40 on pages 55-67)
10. Healthy Air (KBR31 on page 69) e.g. zero air emissions now
11. Renewable energy (KBR42 on page 71) e.g. 100% net renewable energy now
12. Trees (KBR45 on pages 74-77)
13. Sustainable water (KBR46 on page 77)
14. Healthy people (KBR47 on page 78-79) e.g. includes a requirement that health is a material consideration in planning
15. Involving people (Knightsbridge Engagement Protocol) (KBR48 on page 80 and Appendix C)

I would be pleased to meet and discuss these innovative ideas. The proposed Knightsbridge neighbourhood development plan has been submitted formally to the GLA including those copied.

Best.

Yours faithfully

Simon
