**3. Update: Impact of COVID 19 on Victims and Witnesses**

Members provided key updates:

Hate crime – during lockdown recorded levels were initially low but recently these have increased. The increase from May to June 2020 was the highest monthly level recorded in last ten years – above levels seen before lockdown and higher than the period preceding EU referendum.

Domestic Abuse – levels continue to be high. MOPAC has been working with sector to secure refuge accommodation for different cohorts of victims.

Courts and provision of special measures – flagged as an area of concern due to contingency measures changing listing process and court layouts.

LVWS – previously saw decrease in MPS referrals in earlier phases of lockdown. Referrals are now at pre-COVID levels except. The service is focussed on delivery of face-to-face services and pre-trial court visits where it is safe to do so.

#### **4. HMCTS London COVID Recovery**

Partners engaged in discussion regarding the situation within the courts in the midst of the pandemic. A number of victim and witness concerns were flagged.

#### **5. Supporting Black and Minority Ethnic Victims and Witnesses**

The chair updated on a roundtable held in July 2020 to discuss the experiences of Black victims in London to better understand and improve their experiences.

Members provided updates on internal pieces of work ongoing within their organisations with regard to disproportionality.

#### **4. Progress Update – VCoP Review**

MOPAC presented the action plan developed following the consultancy project completed earlier in the year. A further accelerator event which was delayed by COVID, focussed on exploring the victim hub model will be planned for later in the year subject to government guidance on social distancing.

#### **5. Partner updates and key events**

MoJ advised that responses to a public consultation on the Victims Code are being received and MoJ hope to have a revised code in the autumn. MoJ noted that COVID-19 has impacted development of Victims' Law but has allowed for Helen's Law and Domestic Abuse Bill to be progressed.
