Completing the R06 Mid-Year Funding Claim on GLA-OPS

Below are instructions on when and how to complete your R06 Mid-Year Funding Claim for 2023 to 2024 on GLA-OPS.

When to submit your Funding Claim

You can start to complete your Funding Claim from Monday, 12 February 2024.

You must complete the R06 Form and submit to the GLA (using the Request Approval button) by 17:00 on Friday, 16 February 2024.

Information required on your Mid-Year Funding Claim

Your R06 Funding Claim must be completed using your R06 return values as a basis for 'delivery to date' figures. The claim should relate to GLA Jobs and Skills for Londoners funded provision only. If you hold both a JSfL funding agreement and a Grant agreement with the GLA you will need to complete separate Funding Claims on GLA-OPS.

Your delivery to date figures for Programme Funding, Learning Support and Learner Support will be populated automatically based on your R06 ILR return, and any values recorded in the Earnings Adjustment Statement (EAS). You must complete all fields.

Approval process

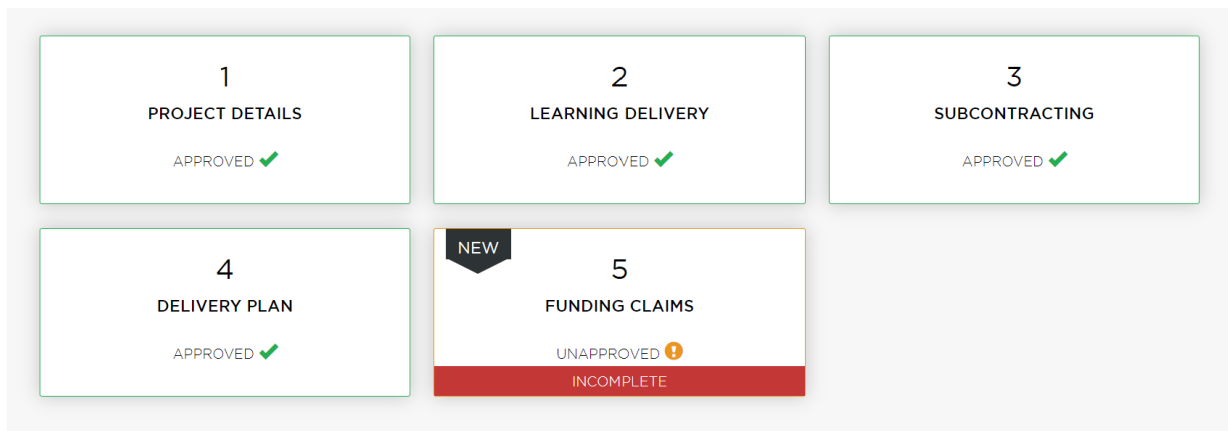

If we identify any errors in your submission, we may return the form to you and ask you to make the required edits. Once we have approved your Claim, you must not make any further edits to the R06 form in the Funding Claim block. By approving your Funding Claim, the GLA is confirming receipt of your information regarding delivery to date. We are not committing to fund any costs in excess of your allocation amount.

Disclaimer

By completing and submitting your claim through the GLA-OPS, you are confirming that the information contained in the form is complete, accurate and in line with published [GLA AEB Funding and Performance Management Rules for Grant Providers 2023-24](#). You are also confirming that supporting evidence is available regarding delivery to date.

How to complete your Funding Claim on GLA-OPS

The Funding Claim block will appear on your Project Overview Screen.

If you click into the block, you can view the Funding Claim form:

Data for 'Programme Funding', 'Good Work Job Outcomes', 'Learning Support' and 'Learner Support' will populate automatically based on your R06 ILR return. Please note, these fields will show £0.00 until the R06 data is pushed into GLA-OPS. This will be done by Friday, 9 February 2024.

Note: the 'Of which' amounts you submit for subcategories of 'Programme Funding', 'Learning Support' and 'Learner Support' must tally up to the total amount for each associated category; otherwise, the block status will remain incomplete, and the following error message will show at the bottom of the Funding Claim Block table. **'The sum of 'of which' sub-category splits must sum to the total for the category'.**

The sum of "of which" sub-category splits must sum to the total for the category

E.G. Programme Funding: the total category amount will be populated automatically based on your R06 ILR return. The 'Of which' subcategory amounts you submit must add up to match the total category amount:

- Of which, Main AEB - Programme Funding
- Of which, National FCFJ - Programme Funding
- Of which, Regional FCFJ - Programme Funding

To update the Funding Claims Block –

- Click EDIT in the top right-hand corner.
- Double check the Funding Claim Period shows the 'Mid-Year Claim (R06 Feb)' on the Funding Claim Period drop-down; and
- Complete all fields in the R06 Funding Claim form.
- Click DONE to save any changes. You can then come back and review the form later if necessary.

Please complete all fields in the form (Delivery to Date and Forecast Delivery).

Once you are satisfied that the form is complete and accurate, you need to go to the Project Overview page and submit your Funding Claim by clicking the green 'Request Approval' button.

The screenshot displays a project overview dashboard with five stages:

- 1 PROJECT DETAILS**: APPROVED ✓
- 2 LEARNING DELIVERY**: APPROVED ✓
- 3 SUBCONTRACTING**: APPROVED ✓
- 4 DELIVERY PLAN**: APPROVED ✓
- 5 FUNDING CLAIMS**: UNAPPROVED ⓘ (marked as NEW)

Below the stages is a 'Project History' dropdown menu. Underneath is a 'Comments' section with a text input field labeled 'Add an explanatory comment'. At the bottom center is a green 'REQUEST APPROVAL' button.

Please note the following:

- You must complete only the R06 Funding Claim for year 2023-24.
- Do not complete any fields in the R10 or R14 Funding Claims.
