## MD2851 APPENDIX 2 – SUCCESSFUL APPLICANTS

Organisation	Project name	Project description	UKCRF grant (£)
Greater London Authority	<i>No Wrong Door - integrating skills and employment to help Londoners into good work</i>	The project will focus on infrastructure and multi-agency working to build on the 'No Wrong Door' initiative. Sub-regional 'Hubs' will address barriers to service integration and support strategic planning, and research of customer journeys and experiences will result in a tool to increase visibility of support opportunities and build more cross-borough approaches.	£500,000.00 UKCRF/£10,000.00 2% management fee
London Borough of Newham	<i>Unlocking Green Economy opportunities in the South of Newham</i>	The project will develop a business case and delivery strategy for Green Economy initiatives in North Woolwich and Beckton. Two feasibility studies will focus on a 'Circular Economy Construction Hub' (to re-use construction material); and 'Spaces for Green Enterprise' (to mobilise council assets to create affordable workspaces).	£510,000.00/ £10,200.00
London Borough of Camden	<i>Good Work Camden</i>	The project will expand two existing 'Job Hubs' and create a new neighbourhood Hub. Aim is to interlink activities, focused on supporting people into good quality work and businesses to thrive and improve their employment practices.	£500,000.00/ £10,000.00
London Borough of Barking & Dagenham	<i>Green Skills, Green Jobs (expanding employment support into Green Industries)</i>	The project will tackle multiple barriers to employment for a wide range of disadvantaged groups via an expansion of information, advice and guidance (IAG), brokerage support and re-skilling opportunities. Individuals will move into sustainable employment within green industries due to the predicted imminent expansion of green jobs during the immediate economic recovery post-pandemic.	£782,028.13/ £15,640.56
London Borough of Lewisham	<i>Creative Futures</i>	Reflecting the "no wrong door" theme, Council teams, higher education/further education-providers and grassroots community organisations will work together to engage residents – using Social Prescribing and Adult careers IAG to refer people to skills/employment support. The project will also use the network of organisations that form the London Borough of Culture 2022.	£522,836.00/ £10,456.72

Launch it Trust	<i>Next Generation Youth enterprise hub and start up bootcamp</i>	A bespoke education hub on Enterprise Nation (small business support network) will host training and provide start-up e-learning and bootcamps, connections to advisers, sector peer groups. This business support will be available to 3,000+ young Londoners as part of a programme called Next Generation.	£899,069.00/ £17,981.38
