Do you require the GLA to provide an engineer for access to a power supply on Trafalgar Square?

Any access to the onsite power will require an engineer provided by the GLA to turn the power on and off before and after the activity. The cost for this engineer will need to be met by the organisers. It is the GLA's preference that organisers use onsite power supplies, rather than a generator. If a generator is to be used Risk Assessments and Method Statements will be required.

- Yes - Please provide location details on the following site plan**
 No

The GLA may give permission for up to two vehicles to access Trafalgar Square.

To prevent damage to our Historic Square please ensure that vehicle movement is kept to a minimum and where possible equipment is carried on to site. Parking is on the South West Corner of the Square. All vehicles will require an access permit, for security and maintenance reasons the GLA retains the discretion to revoke permits issued. A vehicle access schedule form will need to be completed for all vehicles onsite. Depending on type of vehicle and infrastructure being used trackway might be required to be installed to protect the stonework at the squares.

Please give details of the requested vehicles and what they will be for:
