1. Q4 report

The MOPAC performance report for Quarter 4, financial year 2023-24 has been published and is available below.

Q4 saw the implementation of CONNECT across the MPS leading to a new data model which is different to the legacy model for some crime measures. The CONNECT programme delivers an integrated core policing IT solution, which will enable the transformation of operational policing services within the MPS. Work is ongoing to rebuild dashboards and data feeds but some data are not available this quarter.
