

Devolution and economic growth in London - a rapid evidence review

Key information

Publication type: General

Publication date: Tuesday 25 October 2022

Contents

[Devolution and economic growth in London - a rapid evidence review](#)

1. Devolution and economic growth in London - a rapid evidence review

- Decentralising government can support economic growth.
- Devolution can also improve the efficiency of public spending and support public services to respond to local needs.
- The Central Activities Zone (CAZ) is strategically important to the UK economy, and more devolved governance structures might support its development.
