Background

- A. Under Section 143(3) of the Anti-Social, Behaviour Crime and Policing Act 2014, MOPAC may make grants in relation to services “intended by the local policing body to victims or witnesses of or other persons affected by, offences and anti-social behaviour.”
- B. As part of My Ends Programme funding initiative, MOPAC wishes to provide a grant to the Recipient to assist with the cost of providing the Funded Project.
- C. MOPAC considers that the Funded Project will secure or contribute to the Violence Reduction Unit's place-based violence prevention programme through the delivery of the MyEnds Programme in the Metropolitan Police District. MyEnds is a £6 million fund providing local community-led consortia with direct funding and support to deliver targeted interventions to tackle violence in a neighbourhood area. A public health approach means no more looking at violence as an isolated incident. It doesn't mean excusing criminality, but it does mean acknowledging that to genuinely change behaviour we need to look at the context and influences that impact on individuals at significant points in their life. It means understanding that no individual operates in a vacuum, but that they are both part of and influenced by a huge range of other contexts. The funded programme responds to the VRU's Strategic Needs Assessment published in January 2020. A key recommendation was to consider the importance of place-based violence reduction interventions to support those neighbourhoods who have experienced sustained and high levels of violence. MyEnds also speaks to the Unit's three strategic aims which are to reduce and stabilise violence, increase feelings of safety, and put community at the heart of our work.

- D. The Parties have agreed that the Grant will be made subject to the terms of this Grant Agreement.

However, any decision not to exercise MOPAC's rights under clause 7.1, or to exercise them only partially or to delay in exercising them, may be made on conditions which will be notified to the Recipient. If the Recipient complies with those conditions MOPAC shall not take any further action under clause 7.1. If the Recipient breaches any of those conditions, or commits any new breach of this Grant Agreement, then MOPAC shall again be entitled to exercise all or any of its rights under clause 7.1.
- 7.4 In the event that MOPAC exercises its right to terminate the Grant Agreement under clause 7.1, the Recipient shall repay to MOPAC such amounts of the Grant paid to the Recipient prior to termination as MOPAC (acting reasonably) deems appropriate.

- 7.6 Without prejudice to its other rights under this Grant Agreement, MOPAC may terminate this Grant Agreement at any time by giving three (3) calendar months' notice in writing to the Recipient. At the end of that period the Recipient must provide a final claim.
- 7.7 If MOPAC exercises its right under clause 7.1, MOPAC will pay the Recipient a pro-rated sum of any Eligible Expenditure properly incurred and for which it has yet to invoice MOPAC provided always that the Recipient provides MOPAC with an invoice for the same with all supporting documentation required by MOPAC in accordance with clause 4 of this Grant Agreement.

Funded Project

Funded Project: My Ends - The Bridge Renewal Trust (Haringey – Tottenham Hale ward)

Background

The VRU is investing £6 million in providing local communities with direct funding and support to deliver targeted interventions to tackle violence in their neighbourhoods.

The VRU's My Ends programme has been developed to put communities at the forefront of tackling violence by giving them the support they need to deliver locally designed interventions in areas of the capital that are affected by high and sustained levels of violence.

We know that violence knows no border, and it's not often focused on an entire borough or area of London. Instead, it tends to be very localised and concentrated on estates or small pockets of roads. Experience tells us that it's often local people who know what's best for improving the area they live and work in which is why the Unit is providing support to local communities to help bring about change and provide better opportunities for young people.

The programmes bring together local groups and individuals as part of a local community network that involves residents, community groups, young people, youth outreach workers, local authority wardens and the police, to deliver meaningful change where they live and work.

Each community network will receive up to £750,000 funding to April 2023.

My Ends

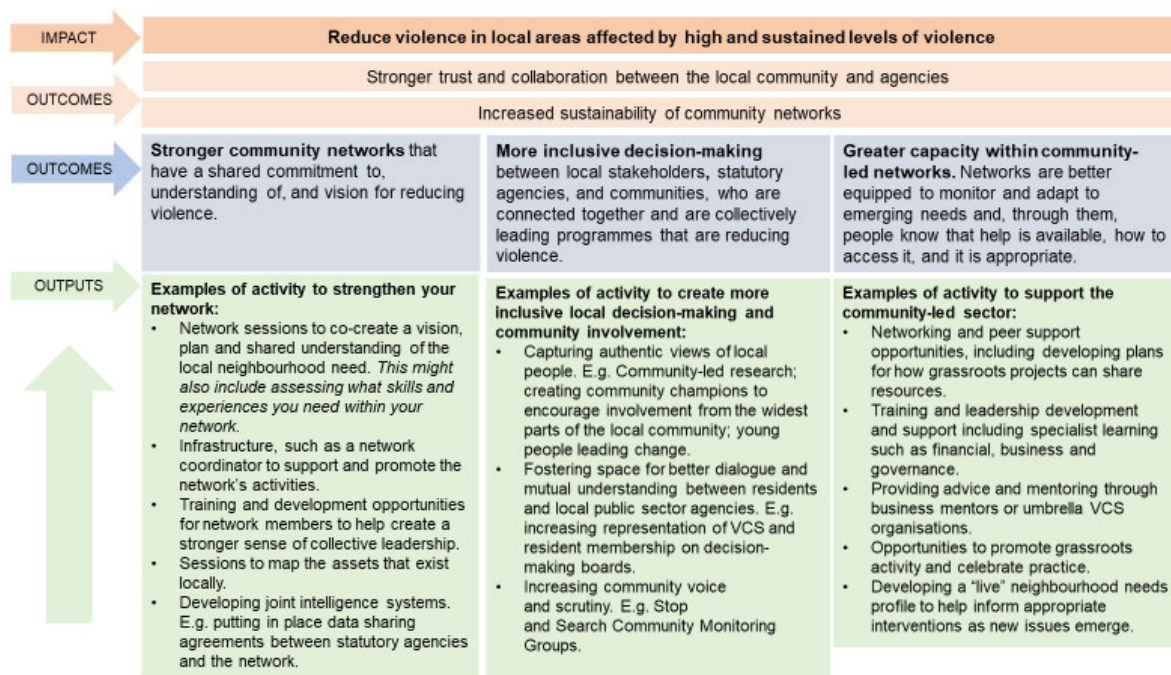

In some parts of London, we know that violence is very localised. It is often concentrated in areas as small as an estate or a cluster of streets.

We also know that the energy and effort to tackle violence is often held by those communities that are most affected by it.

My Ends seeks to channel that energy and effort into community-led solutions.

But to make an impact we need strong, local, collaborative work. Therefore, we need an equally ambitious response from communities that also pushes boundaries, breaks down barriers, and promotes partnerships.

Contracted consortia will be expected to respond to the My Ends Programme Theory of Change, applying the model locally. See below:

Programme mobilisation

Required outputs:

- Co-design your local delivery plan. This includes developing a Theory of Change to support your programme and a identifying a framework to connect specific outcomes to the identified local drivers of violence. *This is also referenced below, under the local drivers part.*
- Produce a project mobilisation plan.
- Establishing a broader local network who will collectively contribute to the delivery of the programme.
- Undertake an Equality Impact Assessment (EIA).
- Develop a Theory of change which compliments the strategic outcomes of My Ends but includes additional specific outcomes for your programme based on the needs of your local neighbourhood area and the interventions that are to be designed and delivered.

Strategic outcomes

1. *Stronger community networks that have a shared commitment to, understanding of, and vision for reducing violence.*

Expected outcomes:

- A strong community network that has the skills, influence, passion, and the access to networks within the community in order to drive change there.
- Community networks that are empowered and strengthened, with these networks being composed of individuals who are closest to the issues and thus able to play a central role in leading the solutions.
- Increased sustainability of community networks, so that they are well placed to respond to local emerging needs and add long-term capacity and support to an area.
- A strong community response to violence - Does the network have the skills, knowledge, and access to resources and information in order that they may help shape plans and ideas?

Required outputs:

Build a community network, if one is not in place, which draws on the expertise of residents and stakeholders.

A developed local response to local drivers of violence.

2. More inclusive decision-making between local stakeholders, statutory agencies, and communities, who are connected together and are collectively leading programmes that are reducing violence.

Expected outcomes:

- Increased levels of community involvement and participation.
- Local people feel empowered local people and are involved in shaping ideas and plans.
- Increased young people's voice and participation.
- Equity in decision making between partners, local organisations and local people.

Required outputs:

- Produce a community engagement and involvement strategy that reaches the widest parts of the local community and which amplifies the voice of young people.
- Develop joint working with local statutory agencies and partners specifically the Local Authority and Police.

3. Greater capacity within community-led networks. Networks are better equipped to monitor and adapt to emerging needs and, through them, people know that help is available, how to access it, and it is appropriate.

Expected outcomes:

- Increased capacity within the local grassroots sector.

Required outputs:

- Identify capacity building needs of the grassroots sector in your neighbourhood.
- Development and delivery of a grassroots fund.

Intervention programme and violence reduction initiatives:**Expected outcomes:**

- To develop, deliver and test new interventions that are appropriate to the needs of the local area.
- Creative, innovative, and effective local neighbourhood responses to reducing violence.
- Locally-led interventions that reach those who need them most.

Required outputs:

- Applications of the contextual safeguarding model through intervention work, including but not limited to developing referral pathways, and more holistic approaches.
- To develop interventions which encompass the specific approaches:
 - The whole family approach
 - Trauma-informed learning and practice
 - Peer-to-peer approaches
 - Culturally competent services.

As programme interventions are co-designed with local stakeholders, consortia specific interventions will be designed and developed. Interventions should seek to demonstrate impact against the following framework where appropriate:

- Reduced offending of identified individuals
- Reduced violence committed by and against the identified individuals

Minimum Standards

1. Local programme: My Ends – The Bridge Renewal Trust (Haringey – Tottenham Hale ward)

The Bridge Renewal Trust (Bridge), Haringey Council's strategic VCS partner, have mapped 700+ local organisations delivering youth activities and brought together a Community Safety Forum that enables grassroots organisations to reduce violence together through a public health approach.

This is a partnership delivery programme with The Bridge Renewal Trust (CN 1131941), Godwin Lawson Foundation (CN 1149989), North London Partnership Consortium (CN 1113181), Father 2 Father (08665582 CIC) and Mind in Haringey (CN 801618).

The Haringey Community Safety Partnership (CSP) brings together agencies and partners including Haringey Council, Haringey CCG, the Metropolitan Police, Homes for Haringey, schools, and VCS organisations to work towards a shared vision to make Haringey one of the safest boroughs in London.

The area of focus is Tottenham Hale ward. Tottenham Hale is in the east of Haringey, with Northumberland Park ward to the north, Tottenham Green and Seven Sisters to the south, and Bruce Grove to the west.

Tottenham Hale also has the highest number of young offenders committing offences between March and September 2020.

The economic impact of the Covid-19 pandemic has been more severe in Tottenham Hale than most of London. 32,500 jobs were furloughed in Tottenham, the second highest figure for any UK parliamentary constituency, representing 42 per cent of all eligible jobs.

The Bridge and consortium partners will work to reduce violence by developing interventions that:

- Support young people's engagement with school and learning, focusing on secondary school-aged Black boys offering mentoring support to 12-15-year-olds.
- Deliver trauma-informed support to young people experiencing violence and exploitation.
- Provide pathways to economic opportunity, including life skills and employment-readiness programmes.
- Take a whole family approach to building resilient families and preventing conflict.

- Provide mental health first aid, trauma-informed training and capacity building to local organisations working with young people.
- Empower positive role models to be agents of change and build trust between young people and local authorities.
