11 December 2018

Dear

Thank you for your request for information which the Greater London Authority (GLA) received on 22 November 2018. Your request has been dealt with under the Freedom of Information Act 2000.

You requested:

Full mayoral diaries of Boris Johnson from 8th May 2008 to 31 October 2014.

The GLA no longer holds copies of the original diaries. However, we have collated the attached record based on information previously released by the GLA under FOI at different times.

The attached PDF document includes

- copies of older responses to FOI requests from archived records such as www.webarchive.org.uk
- the records currently available on the GLA's disclosure log that I signposted in my last email to you including records from 2014–2016 which you did not request but which I have included to form one complete record for both of Mayor Johnson's terms, 2008–2012 and 2012–2016 that will be published on our disclosure log for future reference

The GLA does not hold any other information in-scope of your request. If you have any further questions relating to this matter, please contact me, quoting the reference MGLA221118-8772.

Yours sincerely

Ruth Phillips Information Governance Officer

If you are unhappy with the way the GLA has handled your request, you may complain using the GLA's FOI complaints and internal review procedure, available at:
