

Dear Charlotte,

Thanks for your email and letter. For ease I have copied in OPDC.

Based on the responses from OPDC on our representations explaining why officers are not proposing changes to the policies we commented on, we do not consider it is necessary to attend a hearing.

On an administration point, our representations were submitted by our colleague Alex Kitts on behalf of School Road Acton Limited – in the response document the comments are logged under Acton Coachworks. I'm not sure why this has happened, perhaps it's do with the on line account, but I wanted to flag it.

Thanks  
Tanya
