Dear All,

I hope everyone is keeping safe and well.

I am writing to give a short update on the current status of OPDC's Local Plan Examination.

It has been some time since I have written to everyone, as the OPDC Local Plan examination has been paused.

OPDC have undertaken further work and have now submitted their [Modifications](#) to the Plan to the Inspector. These can be found on the local plan webpage under [Examination Documents](#).

The Inspector has published an [email response](#) to [OPDC's letter](#) and post submission modifications. The Inspector has also published his [schedule of comments](#) on the draft modifications.

The next steps and a revised timeline can be found [here](#).

A main modifications public consultation will be undertaken after the Mayoral Elections, which would run for a minimum of 6 weeks in accordance with OPDC's Statement of Community Involvement. OPDC will then review representations made as part of the consultation.

They may respond to comments, and recommend any further modifications. OPDC will then provide this information to the Inspector. The Inspector will then decide if further public hearings are required and if so, when and how these hearings will be held.

The Inspector is not inviting any further comments at this stage. The next opportunity to comment will be the Main Modifications public consultation, if relevant to a modification that has been made to OPDC's Local Plan.

If you have any queries about next steps please don't hesitate to contact me on the below contact details.

As it has been some time since I have written to everyone, it would be helpful to know if you still wish to be included on my communications. Please also let know if your contact details have changed.

I will write again when I have any further updates to the progress of the examination.

Kind Regards

Charlotte Glancy
