# **OPDC Local Plan**

# **Schedule of Main Modifications**

June 2022

#### How to use this document

This schedule of the main modifications includes main modifications since the submission of the Local Plan. Modifications are shown as tracked-changes.

It includes the main modifications set out in the <u>Inspector's Report and Appendices/Annexes</u>. The Local Plan showing modifications as tracked changes sets out both the references in this schedule and those in the Inspector's Report and Appendices/Annexes. Please see the Local Plan showing modifications as tracked changes to cross reference between this document and the Inspector's Report.

The proposed Main Modifications have been generated from a variety of sources and are coded as follows:

- Modifications with the reference MM/PS2/OPDC/REF are main modifications that have been made to the Local Plan to address the inspector's interim
  findings, those required by the inspector, ensure general conformity with the London Plan, ensure alignment with updates to the Use Class Order or
  address typographical errors or factual corrections.
- Modifications with the reference MM(1-17)/PS/REF are main modifications made to the draft Local Plan in response to requests from the planning inspector during the examination between November 2018 and August 2019, up to the point of the Inspector's Interim findings for the IIA and Old Oak North.
  - Modifications with the reference 'Q' correspond to Inspector's Questions numbering.
  - Modifications with the reference 'M' refer to the Hearing Matters numbering.
  - Modifications with the reference 'OPDC' refer to those made by OPDC in response to issues raised at the 2019 hearing sessions

A Schedule of Modifications to the Figures in the Plan and Policies Map that correspond with the main modifications in this schedule has been prepared.

### Minor Modifications

Minor modifications are also being made to the OPDC Local Plan. The reference of these changes is prefixed by MINOR so that they can be clearly distinguished from the main modifications which are referenced as MM. A separate Schedule of Minor Text Modifications is available to view.

In some instances, main modifications are within the same sentence or paragraph as minor modifications. Where this is the case, both modifications are shown and referenced for clarity.

	Wormwood Scrubs	Grand Union Canal and Wormwood Scrubs	enhancements so that it can be enjoyed by more Londoners and fulfil its role of a metropolitan park.	Oak South to Old Oak North and enabling the delivery of a bridge to Wormwood Scrubs cannot be delivered. Therefore, this modification is required to enable improved access from Scrubs Lane and Old Oak Common Lane.
MM/PS2/OPDC/SV/8	Figure 2.1 Park Royal	Figure 2.1 Park Royal	Park Royal Industry The Park Royal Industrial Estateindustrial land within OPDC's boundary is a vital cog in the London economy and OPDC will work to protect, strengthen and intensify the Strategic Industrial Location in Park Royal and Old Oak North the role of Park Royal as a Strategic Industrial Location. However, the nature of industry in London will continue to change and Park Royal needs to be able to continue to respond to these changes to remain competitive. Regeneration in Old Oakthe OPDC area presents a dichotomy for the estateindustry. Park Royal Industry can serve to support the needs of _development in Old Oak, by providing ancillary services. This includes the potential for a circular economy, looking at ways that things used in Old Oak can be recycled and repurposed by businesses in Park Royal. However, regeneration in Old Oak could result in rent increases and increased pressure on infrastructure which if not managed could undermine what makes the Old Oak and Park Royal area a success.	To respond to the Inspector's Interim Findings and mitigate loss of housing capacity, Channel Gate and other locations will be released from SIL for mixed use development and Old Oak North will be retained as SIL. To reflect this change in land use designations, references to Park Royal as the sole industrial area have been removed.
MM/PS2/OPDC/SV/9	Figure 2.1 Diversity of Housing	Figure 2.1: Diversity of Housing	The OPDC area is capable of accommodating an minimum indicative capacity of 26,25500 homes, of which a minimum 19,850 could be delivered in the next 20 years	To respond to the Inspector's Interim Findings and mitigate loss of housing capacity, Channel Gate and other locations will be released from SIL for mixed use development and Old Oak North will be retained as SIL. These modifications ensure that OPDC can meet the London Plan 10 year target of 13,670 homes. The Mayor of London has confirmed that the Local Plan is in general conformity with the London Plan in his Letter of General Conformity.

## Strategic Policies

Ref.	Submission policy/ Para/figure	Updated policy/ Para/figure	Modification	Reason
MM/PS2/OPDC/SP/1	3.1	3.1	The station will support the wider Old Oak and Park Royal area in becoming a new strategic destination - 10 minutes from Heathrow and the West End.	This amendment recognises that accessibility created by the Old Oak Common station will be of benefit to the entire OPDC area.
MM/PS2/OPDC/SP/2	3.3	3.3	The Mayor's London Plan identifies that the OPDC area can deliver a minimum 25,500 homes and 65,000 jobs, making it one of London and the UK's largest regeneration projects. 20,10019,850 of these homes and 40,40036,350 of these jobs can be delivered within the next 20 years of this Local Planby 2038 (see policies SP4 and SP5).	To respond to the Inspector's Interim Findings and mitigate loss of housing capacity, Channel Gate and other locations will be released from SIL for mixed use development and Old Oak North will be retained as SIL. Homes and jobs figures have subsequently been updated.
MM/PS2/OPDC/SP/3	3.4 b)	3.4 b)	The centre and its surroundings currently suffer from economic deprivation, falling within the top 10% most deprived wards nationally when measured against the Index of Multiple Deprivation (20159).	To reflect updated Index of Multiple Deprivation data
MM/PS2/OPDC/SP/4	3.4 c)	3.4 c)	Kensal Canalside Opportunity Area is immediately to the east of the OPDC area and is identified in the London Plan as having the capacity to deliver an indicative 2,000 new jobs and a minimum of 3,500 new homes.	To align with revised wording in new London Plan.
MM/PS2/OPDC/SP/5	3.8	3.8	High density development in Park Royal-SIL will be different to mixed use developmentin Old Oak, but OPDC's Park Royal Intensification Study and Old Oak North Intensification Study demonstrates how the Park Royal Industrial EstateSIL could be regenerated to increase industrial floorspace and provide additional jobs; to support Mayoral targets to deliver an additional 10,000 jobs in Park Royal.	To respond to the Inspector's Interim Findings and mitigate loss of housing capacity, Channel Gate and other locations will be released from SIL for mixed use development and Old Oak North will be retained as SIL. To reflect this change in land use designations, references to Park Royal as the sole industrial area and references to Old Oak as the only mixed use area have been removed.
MM2/PS/Q3b	SP3(d) and 3.19	SP3(c) and 3.19	Proposals should: a) improve health and reduce health inequalities; b) design and operate internal and external spaces to improve health and wellbeing, reduce health inequalities and enable healthy lifestyles; and c) ensure adequate access to facilities and services that support health, wellbeing and healthy lifestyles.; and	Process removed from policy to ensure the effectiveness of the Plan.

			development period in the next 30 years, that at least 20,10019,850 new homes are deliverable within the Local Plan period (2018-38) and that at least 13,670 new tomes are deliverable within the London Plan 0-10 year period (2019-29).	Gate and other locations will be released from SIL for mixed use development and Old Oak North will be retained as SIL. These modifications ensure that OPDC can meet the London Plan 10 year target of 13,670 homes.
MM/PS2/OPDC/SP/9	SP5 a)	SP5 a)	a) support the delivery of 40,400 36,350 new jobs between 2018-38;	To respond to the Inspector's Interim Findings and mitigate loss of housing capacity, Channel Gate and other locations will be released from SIL for mixed use development and Old Oak North will be retained as SIL. This change in land use designations has resulted in updated job figures.
MM/PS2/OPDC/SP/10	SP5 b)	SP5 b)	b) protect, strengthen and intensify the Strategic Industrial Location (SIL) in Old Oak North and Park Royal;	To respond to the Inspector's Interim Findings and mitigate loss of housing capacity, Channel Gate and other locations will be released from SIL for mixed use development and Old Oak North will be retained as SIL. To reflect this change in land use designations, references to Park Royal as the sole industrial area and references to Old Oak as the only mixed use area have been removed.
MM/PS2/OPDC/SP/11	3.25	3.25	The area has the capacity to accommodate 60,70056,250 new jobs over the total development period in the next 30 years and, 40,40036,350 new jobs over the next 20 years Local Plan period (2018-38).	To respond to the Inspector's Interim Findings and mitigate loss of housing capacity, Channel Gate and other locations will be released from SIL for mixed use development and Old Oak North will be retained as SIL. This change in land use designations has resulted in updated job figures.
				Further clarity has been provided over the timescales for delivery of these indicative jobs targets.

Ref.	Submission	Updated	Modification	Reason
	policy/ Para/figure	policy/ Para/figure		
MM/PS2/OPDC/SP/12	3.26	3.26	The diversity of character across the OPDC area will support the delivery of a range of employment opportunities. Park Royal and Old Oak North is form London's largest industrial area estate and is-are designated as a Strategic Industrial Location (SIL) in the London Plan. Protecting the SIL in Park Royal is vital to the London economy and opportunities should be taken to intensify its use where feasible (see Policy E1). The Industrial Land Review Addendum (2021) demonstrates that there is potential to deliver a net gain of 250,428 sqm of industrial floorspace capacity through the intensification of SIL and colocation of industrial activities outside of SIL in the OPDC area. This increase will help contribute towards meeting the ongoing demand for industrial space in the wider market area.	To respond to the Inspector's Interim Findings and mitigate loss of housing capacity, Channel Gate and other locations will be released from SIL for mixed use development and Old Oak North will be retained as SIL. To reflect this change in land use designations, references to Park Royal as the sole industrial area and references to Old Oak as the only mixed use area have been removed.  The paragraph has also been updated to provide a clearer position on OPDC's evidence base for industrial floorpsace delivery within the OPDC area.
MM/PS2/OPDC/SP/13	SP6(a)(iii)	SP6(a)(iii)	supports the creation of a new Cultural Quarter in Old-Oak;	To respond to the Inspector's Interim Findings and mitigate loss of housing capacity, Channel Gate and other locations will be released from SIL for mixed use development and Old Oak North will be retained as SIL. To reflect this change in land uses, references to Old Oak as being the sole location for a new Cultural Quarter have been removed.
MM/PS2/OPDC/SP/14	SP6(b)(a)	SP6(b)(a)	Old Oak – a major town centre across Old Oak, that delivers a wide range of town centre and community uses.	To respond to the Inspector's Interim Findings and mitigate loss of housing capacity, Channel Gate and other locations will be released from SIL for mixed use development and Old Oak North will be retained as SIL. To reflect this change in land uses, town centre uses will no longer be delivered in Old Oak North.
MM/PS2/OPDC/SP/15	SP6(b)(b)	SP6(b)(b)	The policy requirements for this centre can be found in policies P1, P2 P3, P7, P8 and P911;	To respond to the Inspector's Interim Findings and mitigate loss of housing capacity, Channel Gate and other locations will be released from SIL for mixed use development and Old Oak North will be retained as SIL. To reflect this change in land uses, town centre uses will no longer be delivered in Old Oak North.
MM/PS2/OPDC/SP/16	SP6(b)(d)	Deleted policy	Atlas Junction – a neighbourhood town centre serving existing and new communities around Old Oak Lane,	To respond to the Inspector's Interim Findings and mitigate loss of housing capacity, Channel

		policy/ Para/figure	policy/ Para/figure		
				Old Oak Common Lane and Victoria Road. The policy requirements for this centre can be found in Policy P8C1.	Gate and other locations will be released from SIL for mixed use development and Old Oak North will be retained as SIL. To reflect this change in land uses, Old Oak major town centre will be delivered in Atlas Junction and Channel Gate. This will subsume the Atlas Junction neighbourhood town centre.
	MM/PS2/OPDC/SP/17	3.36	3.36	The comprehensive redevelopment of Development in Old Oak and intensification of Park Royal will take many years.	To respond to the Inspector's Interim Findings and mitigate loss of housing capacity, Channel Gate and other locations will be released from SIL for mixed use development and Old Oak North will be retained as SIL. To reflect this change in land use designations, references to Park Royal as the sole industrial area and references to Old Oak as the only mixed use area have been removed.
	MM/PS2/OPDC/SP/18	3.39	3.39	OPDC's Cultural Principles document sets out how the OPDC area and in particular Old Oak, could play a significant role in supporting the Mayor's aspirations to promote London as the world's cultural and arts capital as set out in the Mayor's Draft Culture Strategy. This could be achieved by supporting new and enhanced catalyst, cultural, arts, night-time and meanwhile uses.  OPDC will work with the GLA, neighbouring local authorities and developers to ensure that cultural	To respond to the Inspector's Interim Findings and mitigate loss of housing capacity, Channel Gate and other locations will be released from SIL for mixed use development and Old Oak North will be retained as SIL. To reflect this change in land uses, references to Old Oak as being the sole location for a new Cultural Quarter have been removed.
ĺ				provision in the area supports the creation of a new Cultural Quarter in Old Oak that can complement nearby cultural clusters and contribute to London's wider cultural offer.	
	MM/PS2/OPDC/SP/19	3.40	3.40	A key facet to place-making in the OPDC area will be the location, role and function of its town centres. The town centre hierarchy consists of <u>four-three</u> centres (see figure 3.7), serving the needs of its existing and future residents, workers and visitors. The hierarchy	To respond to the Inspector's Interim Findings and mitigate loss of housing capacity, Channel Gate and other locations will be released from SIL for mixed use development and Old Oak North will be retained as SIL. To reflect this
				consists of a new major town centre in Old Oak and three-two neighbourhood town centres: two-one new centres at North Acton and Atlas Junction and the continuation and expansion of Park Royal Centre. Each town centre will have its own character and mix	change in land uses, Old Oak major town centre will be delivered in Atlas Junction and Channel Gate. This will subsume the Atlas Junction neighbourhood town centre.

Ref.	Submission policy/ Para/figure	Updated policy/ Para/figure	Modification	Reason
			of uses that support social interaction and thriving communities.	
MM/PS2/OPDC/SP/20	3.42	3.42	Early development phases to the north west of Old Oak South of the Grand Union Canal will be expected to accord with this designation.	To respond to the Inspector's Interim Findings and mitigate loss of housing capacity, Channel Gate and other locations will be released from SIL for mixed use development and Old Oak North will be retained as SIL. To reflect this change in land uses, Old Oak major town centre will be delivered in Atlas Junction and Channel Gate.
MM/PS2/OPDC/SP/21	3.43	3.43	OPDC has also designated neighbourhood centres in North Acton and, Park Royal and Atlas Junction, to serve the local communities of workers and residents in and around these locations. Similarly to Old Oak, the North Acton and Atlas Junction centres are is not yet established as a neighbourhood town centres. This Local Plan sets the trajectory for the future scale of these centres and development proposals will be required to contribute towards their delivery. Park Royal Centre was previously designated in Ealing's Local Plan. OPDC supports this centre's continued growth, to support the envisaged increase in jobs and homes in Park Royal. Details on the function and character of each of the designated centres can be found in the following policies in the Places Chapter (chapter 4):  a) Old Oak (Policies P1, P1C1, P2, P3, P7, P7C2, P8, P8C1 and P9 and P11); b) North Acton (P7 and P7C1); c)—Park Royal Centre (P6); and	To respond to the Inspector's Interim Findings and mitigate loss of housing capacity, Channel Gate and other locations will be released from SIL for mixed use development and Old Oak North will be retained as SIL. To reflect this change in land uses, Old Oak major town centre will be delivered in Atlas Junction and Channel Gate. This will subsume the Atlas Junction neighbourhood town centre.
MM/PS2/OPDC/SP/22	SP7 (b) (vi)	SP7 (b) (vi)	d)c)Atlas Junction (P8 and P8C1).  supporting the successful functioning and operation of the Park Royal Industrial EstateStrategic Industrial Location (SIL), by implementing carefully planned servicing arrangements;	To respond to the Inspector's Interim Findings and mitigate loss of housing capacity, Channel Gate and other locations will be released from SIL for mixed use development and Old Oak
			g	North will be retained as SIL. To reflect this change in land use designations, references to Park Royal as the sole industrial area and

	MM2/PS/Q3d	3.49	3.49	<u>Further details Information</u> can be found in the <u>Places chapter</u> , Transport chapter <u>and with further detail in OPDC's Infrastructure Delivery Plan (IDP).</u>	To ensure appropriate infrastructure information is contained within the Local Plan
	MM/PS2/OPDC/SP/27 MINOR/PS/General1	3.53	3.53	In Park Royal Strategic Industrial Location (SIL)s, the focus will be on enhancing the function of the streets for all modes and improving their environment. In OldOak, Scrubs Lane, Old Oak Lane, Old Oak Common Lane and Victoria Road are home to existing residential communities and businesses. They will be an important location for early development phases and development along these routes will play a key role in helping to knit together existing and new communities in the area.  Annew enhanced street network should be arranged to connect to the existing streets together and provide improved connectivity, focussed on the 23 new key routes of Old Oak Street, Union Way Park	To respond to the Inspector's Interim Findings and mitigate loss of housing capacity, Channel Gate and other locations will be released from SIL for mixed use development and Old Oak North will be retained as SIL. To reflect this change in land use designations, references to Park Royal as the sole industrial area and references to Old Oak as the only mixed use area have been removed.  As such a new street network including Union Way is no longer required to support the delivery of the OON site allocations and therefore its reference has been removed.
	MM/PS2/OPDC/SP/28	3.54	3.54	Read_and Wormwood Scrubs Street.  Old Oak Street will play a particularly important role in improving connectivity across the area, supporting place making and facilitating an optimised approach to regeneration. Old Oak Street will connect Old Oak's rail stations.	To respond to the Inspector's Interim Findings and mitigate loss of housing capacity, Channel Gate and other locations will be released from SIL for mixed use development and Old Oak North will be retained as SIL. To reflect this change in land use designations, Old Oak Street will no longer be able to connect all the Old Oak stations.
	MM/PS2/OPDC/SP/29	3.54	3.54	It will also connect to surrounding destinations, including Harlesden Town Centre, the Grand Union-Canal and Wormwood Scrubs.	To respond to the Inspector's Interim Findings and mitigate loss of housing capacity, Channel Gate and other locations will be released from SIL for mixed use development and Old Oak North will be retained as SIL. To reflect this change, Old Oak Street will no longer extend into Old Oak and connect to Harlesden Town Centre, the Grand Union Canal and Wormwood Scrubs.
	MM/PS2/OPDC/SP/30	3.55	3.55	The complete delivery of the Old Oak Street may take many years.	To respond to the Inspector's Interim Findings and mitigate loss of housing capacity, Channel Gate and other locations will be released from SIL for mixed use development and Old Oak North will be retained as SIL. To reflect this

Ref.	Submission policy/ Para/figure	Updated policy/ Para/figure	Modification	Reason
				change, Old Oak Street will no longer extend into Old Oak.
MM/PS2/OPDC/SP/31	3.55	3.55	This approach would ensure surrounding areas can- access the development area of Old Oak and new- transport infrastructure as soon as is practically possible.	To respond to the Inspector's Interim Findings and mitigate loss of housing capacity, Channel Gate and other locations will be released from SIL for mixed use development and Old Oak North will be retained as SIL. To reflect this change, reference to Old Oak Street serving Old Oak has been removed.
MM/PS2/OPDC/SP/32 MINOR/PS/General1	3.55	3.55	Primary shopping areas have not been indicated on OPDC's Policies Map as the exact alignment of Old-Oak Street and other streets is not yet fixed. However, when delivering Old Oak Street, primary shopping areas should be clustered around rail-stations, and at junctions with key routes such as Union WayPark Road, Old Oak Common Lane, and Victoria Road and Harrow Road	To reflect revisions to Use Class Order and that through revisions to new Use Class E, OPDC will no longer look to define primary shopping areas and seek control proportion of A1 uses within such locations. Policy TCC3 has also been removed from the Local Plan.
MM/PS2/OPDC/SP/33 MINOR/PS/General1	3.56	Deleted para	Union Way Park Road will be a key east-west route providing an important early connection between Scrubs Lane and Old Oak Common Lane for pedestrians, cyclists and buses and access only for private vehicles. The Place policies (chapter 4) identify the locations along this route for town centre uses, but as a key early route, there will also be opportunities along Union Way Park Road for workspaces and other meanwhile town centre uses, delivered in advance of Old Oak Street.	To respond to the Inspector's Interim Findings and mitigate loss of housing capacity, Channel Gate and other locations will be released from SIL for mixed use development and Old Oak North will be retained as SIL. Consequently, Union Way is no longer required to support the delivery of these site allocations and therefore its reference has been removed.
MM/PS2/OPDC/SP/34	SP8 a) iii	SP8 a) iii	appropriately providing and/or positively contributing to new green infrastructure and open spaces, that meet the needs of the development in terms of their quantum, quality, access and function, including delivering 30% of the developable area outside of Strategic Industrial Locations (SIL) as publicly accessible open space in accordance with Policy EU1, including delivering 23 new local parks in OldOak, each of at least 2ha.	To respond to the Inspector's Interim Findings and mitigate loss of housing capacity, Channel Gate and other locations will be released from SIL for mixed use development and Old Oak North will be retained as SIL. Therefore, references to Old Oak solely delivering local parks have been removed.
MM2/PS/Q3c	SP8 (d	Deleted policy	; and c) successfully integrating with the wider green infrastructure and open space network, including the	Process removed from policy to ensure the effectiveness of the Plan.

			Grand Union Canal, Wormwood Scrubs and All London Green Grid.; and d) ensuring that major development proposals are delivered in accordance with an appropriate Green Infrastructure and Open Space Strategy and Management Plan.	
MM/PS2/OPDC/SP/35	3.64	3.63	The priority within this should be the delivery of three-two new local parks of at least 2ha, within the across-the Old Oak North and Old Oak South and Channel Gate places.	To respond to the Inspector's Interim Findings and mitigate loss of housing capacity, Channel Gate and other locations will be released from SIL for mixed use development and Old Oak North will be retained as SIL. Therefore, references to Old Oak solely delivering local parks have been removed.
MM2/PS/Q3d	3.64	3.63	Further details on Information for the requirements for open space provision can be found in the places chapter, in Policy EU1 (Open Space) and with further details in OPDC's Infrastructure Delivery Plan (IDP).	To ensure the effectiveness of the Plan.
MM17/PS/Q3e	3.73	3.72	Policy D78 provides further policy guidance on how development proposals should appropriately respond to heritage assets and place specific guidance is provided within the Places chapter (chapter 4).	To clarify the function of policies to guide development.
MM17/PS/Q3e	3.75	3.74	OPDC's detailed policy requirements for protection of amenity are provided in Policy D6D5.	To clarify the function of policies to guide development.
MM17/PS/Q3e	3.77	3.76	Further details on OPDC's requirements for creating an inclusive and accessible development can be found in Policy D23	To clarify the function of policies to guide development.
MM/PS/OPDC/M4	3.79	3.78	The proposed level of investment in transport infrastructure and the planned public transport accessibility improvements, on a brownfield site in zone 2/3 west London, provides a strong rationale for the design and delivery of new high density development including new tall buildings in appropriate locations. Outside of SIL, modelling shows that in order to achieve the homes and jobs targets for the area, development will likely deliver average residential densities of 450 units per hectare. The indicative density range is 300 to 600 units per hectare. However, local context, character and environmental impacts are important factors to	To clarify the indicative density range within the OPDC area.

Ref.	Submission policy/	Updated policy/	Modification	Reason
	Para/figure	Para/figure		
			consider in the design process meaning development will be expected to deliver a range of densities and building heights, for example, responding with lower densities and building heights close to more sensitive locations and providing increased densities and building heights away from these sensitive locations and in areas of high public transport accessibility. Where appropriate, the Places policies set out more specificity about appropriate building heights, but in many parts of the area, there is a need for flexibility in the approach to achieving homes and jobs targets (see chapter 4).	
MM2/PS/Q3d	SP10(c)	SP10(c)	c) contributes appropriately and proportionately towards required infrastructure identified in the Local Plan and the further detail in the OPDC's Infrastructure Delivery Plan (IDP), at a rate and scale sufficient to support the area's development and growth;	To ensure the effectiveness of the Plan.
MM2/PS/Q3d	SP10(e)	SP10(e)	e) safeguards land required to deliver area-wide and site-specific infrastructure identified in OPDC's IDP and/or policies in the Local Plan and the further detail in the IDP;	To ensure the effectiveness of the Plan.
MM2/PS/Q3d	SP10(i)	SP10(h)	and h) is appropriately designed so that the built form complements and does not unduly restrict development on adjacent and connected sites; and i) where appropriate, is accompanied by an Infrastructure Delivery Strategy	To ensure the effectiveness of the Plan.
MM/PS2/OPDC/SP/36	3.81	3.80	The redevelopment and regeneration of the OPDC area will be challenging. Within the Old Oak area, Aa number of large-scale operations need to be relocated, reconfigured and/or decked over.	To respond to the Inspector's Interim Findings and mitigate loss of housing capacity, Channel Gate and other locations will be released from SIL for mixed use development and Old Oak North will be retained as SIL. To reflect this change in land uses, references to Old Oak as being the sole area where large-scale operations will need to be relocated, reconfigured and/or decked over has been removed.

Ref.	Submission policy/ Para/figure	Updated policy/ Para/figure	Modification	Reason
MM/PS2/OPDC/SP/37	3.85	3.84	Over the first ten years of the Local Plan period, the majority of mixed use development is likely to occur on land in North Acton, in the western parts of Park Royal and to the north of the Grand Union Canal in Old Oak North, along Scrubs Lane and on some sites along Old Oak Lane and Old Oak Common Lane.	To respond to the Inspector's Interim Findings and mitigate loss of housing capacity, Channel Gate and other locations will be released from SIL for mixed use development and Old Oak North will be retained as SIL. To reflect this change in land uses, references to Old Oak North delivering mixed use development have been removed.
MM/PS2/OPDC/SP/38	SP10 Table 3.1	SP10 Table 3.1	Please refer to the Local Plan to view updates to Table 3.1	To respond to the Inspector's Interim Findings and mitigate loss of housing capacity, Channel Gate and other locations will be released from SIL for mixed use development and Old Oak North will be retained as SIL. In light of these changes, site allocations have been updated.

			all modes route and a walking and cycling route from Old Oak Common Station to Scrubs Lane-which is access only for private vehicles	The Inspector's Interim Findings conclude that site allocations 2 and 3 would not be viable and capable of effective delivery for mixed use within the plan period. Consequently, Old Oak Street bridge connecting Old Oak South to Old Oak North cannot be delivered and a walking and cycling route to the east is required to provide a local connection to Scrubs Lane.
MM/PS2/OPDC/P1/5	P1(h)	P1(h)	Delivering active and positive frontages along the edge of the Elizabeth Line Depot and along the walking and cycling route from Old Oak Common Station to Scrubs Lane where feasible;	The Inspector's Interim Findings conclude that site allocations 2 and 3 would not be viable and capable of effective delivery for mixed use within the plan period. Consequently, Old Oak Street bridge connecting Old Oak South to Old Oak North cannot be delivered and a walking and cycling route to the east is required to provide a local connection to Scrubs Lane.
MM/PS2/OPDC/P1/6	P1(i)(ii)	Deleted policy	Grand Union Canal Local Park provided between Old Oak North and Old Oak South including the Canal Park and Canalside spaces Birchwood Nature Reserve that are linked by bridges and is a minimum of 2 hectares in size;	To respond to the Inspector's Interim Findings and mitigate loss of housing capacity, Channel Gate and other locations will be released from SIL for mixed use development and Old Oak North will be retained as SIL. To reflect this change in land uses, Grand Union Canal Local Park will no longer be deliverable. Therefore, references to the Grand Union Canal Local Park being delivered in Old Oak South have been removed. Smaller canalside spaces, in addition to the Birchwood Nature Reserve, will continue to be supported.

Ref.	Submission policy/ Para/figure	Updated policy/ Para/figure	Modification	Reason
MM/PS2/OPDC/P1/7	OOS.1	4.6	Old Oak South sits between Wormwood Scrubs in the south and the Grand Union Canal in the north. The area is currently dominated by railway infrastructure. These pieces of existing infrastructure sever the area from its surroundings. Old Oak Common Station is set to open in 2026after 2028 and will make Old Oak South one of the best connected locations in London. The station will be one of the largest transport interchanges in the country and will be the largest sub-surface station ever built in the UK, providing access to the HS2 line, Elizabeth Line and the Great Western Main Line alongside local connections to the London Overground, buses, walking and cycling networks and taxis.	To reflect updated delivery programme of Old Oak Common Station.
	OOS.6	4.11	Early development in Old Oak South will be supported. However, it is likely that most of development in Old Oak South will be delivered after the opening of Old Oak Common Station in 2026 and development on the Elizabeth Line depot and sidings and IEP depot is not envisaged to commence until beyond the Local Plan period.	
			This commercial centre will likely be delivered following the opening of Old Oak Common station-(2026). This timing puts Old Oak South in a strong position to contribute to London's commercial floorspace pipeline, at a time when other current major regeneration schemes would be completed, or nearing completion, such as Kings Cross, Paddington and White City.	

Ref.	Submission	Updated	Modification	Reason
	policy/ Para/figure	policy/ Para/figure		
MM/PS2/OPDC/P1/8	OOS.4	4.9	The excellent public transport access created by the new Old Oak Common Station provides the opportunity to deliver a minimum of 350-100 new homes during the plan period1 within high density mixed use development across the area in a range of building heights. Old Oak South also has capacity to deliver 45,20017,100 new jobs2 across new commercial, retail and leisure uses, within the plan period. 4,1003,700-new homes 34,00035,700 new jobs are also currently envisaged to the be delivered during the full development period.	To respond to the Inspector's Interim Findings and mitigate loss of housing capacity, Channel Gate and other locations will be released from SIL for mixed use development and Old Oak North will be retained as SIL. To reflect this change in land use designations and mitigate it's impacts to ensure General Conformity with the London Plan, development capacity and trajectory information has been updated.
MM/PS2/OPDC/P1/9	OOS.5	4.10	Key sectors that will likely be attracted to this new accessible brownfield site will include ICT, media and creative services, professional and financial services and life sciences4. To support this, new development should enable delivery of a significant amount of new flexible B1a_Use Class E_employment space that supports the functioning of the commercial centre.	To respond to the changes made to the Use Class Order.
MM/PS2/OPDC/P1/10	OOS.7	4.12	Old Oak South will also be home to part of the new Old Oak major town centre. Town centre uses should be focused in the town centre as depicted in figure 3.7. Town centre uses should also complement and connect with other sections of this new town centre located within Old Oak North (P2)Old Oak Lane and Old Oak Common Lane (P8), Channel Gate (P9) and North Acton and Acton Wells (P7).	To respond to the Inspector's Interim Findings and mitigate loss of housing capacity, Channel Gate and other locations will be released from SIL for mixed use development and Old Oak North will be retained as SIL. To reflect this change in land uses, references to delivering a major town centre in Old Oak North have been removed.
MMPS2/OPDC/P1/11	OOS.8	4.13	Cultural, meanwhile and catalyst uses can play an important role in supporting the development of this new major town centre destination and Cultural Quarter in Old Oak (see Policy SP6).	To respond to the Inspector's Interim Findings and mitigate loss of housing capacity, Channel Gate and other locations will be released from SIL for mixed use development and Old Oak North will be retained as SIL. To reflect this change in land uses, references to Old Oak as being the sole location for a new Cultural Quarter have been removed.
MM/PS2/OPDC/P1/12	OOS.10	4.15	The key routes-within the new movement network to be delivered during the plan period are-is Old Oak Street-(including the bridge to Wormwood Scrubs), and Park Road.	The Inspector's Interim Findings conclude that site allocations 2 and 3 would not be viable and capable of effective delivery for mixed use within the plan period. Consequently, Union Way connecting Old Oak South to Old Oak North

Ref.	Submission policy/ Para/figure	Updated policy/ Para/figure	Modification	Reason
				cannot be delivered. Therefore, it is no longer a key route.
				Consequently, Old Oak Street connecting Old Oak South to Old Oak North and enabling the delivery of a bridge to Wormwood Scrubs cannot be delivered. Therefore, the reference to this bridge has been removed.
MM/PS2/OPDC/P1/13	OOS.10	4.15	The delivery of Wormwood Scrubs Street is expected to take place after the plan period within Old Oak South and is contingent on the redevelopment of the IEP Depot.	To respond to the Inspector's Interim Findings and mitigate loss of housing capacity, development on North Pole East depot will be accelerated. It will also contribute to the delivery of Wormwood Scrubs Street during the plan period within the Scrubs Lane Place.
MM/PS2/OPDC/P1/14	OOS.10	4.15	Although outside of the plan period, development proposals should appropriately safeguard for and if relevant and appropriate, contribute to and / or deliver Wormwood Scrubs Street's future delivery.	To provide clarity for development to contribute to and / or deliver Wormwood Scrubs Street outside of the plan period.
MM/PS2/OPDC/P1/15	OOS.11	4.16	The delivery of connections to Old Oak Common Station from the surrounding places will be critical in fully connecting Old Oak South into its surroundings in a clear and legible manner. Connections to Old Oak North will be particularly important after the opening of the station to enable people to reach Old Oak Common Station.	The Inspector's Interim Findings conclude that site allocations 2 and 3 would not be viable and capable of effective delivery for mixed use within the plan period. Consequently, these sites will remain designated as SIL. Although connections between Old Oak North SIL and Old Oak Common Station continue to be required, they are not as critical as previously for mixed use development. Therefore, references to this particular importance have been removed.
MM/PS2/OPDC/P1/16	OOS.11	4.16	Delivering Old Oak Street as a high quality route will be particularly important for connectivity as well as providing walking and cycling access to the Scrubs Lane.	To respond to the Inspector's Interim Findings and mitigate loss of housing capacity, Channel Gate and other locations will be released from SIL for mixed use development and Old Oak North will be retained as SIL. Consequently, Old Oak Street connecting Old Oak South to Old Oak North cannot be delivered. However, an eastern access to Old Oak Common Station continues to be required and will be delivered as a walking and cycling connection to Scrubs Lane via the Grand Union Canal towpath.

Ref.	Submission policy/	Updated policy/	Modification	Reason
MM/PS2/OPDC/P1/17	Para/figure OOS.12	Para/figure 4.17	Equally important will be providing a new bridge to Wormwood Scrubs off Old Oak Street, to enable communities to access this important area of Metropolitan Open Land and Metropolitan Park. In addition, Old Oak Common Station should not preclude a connection to Wormwood Scrubs the south in the future and development should safeguard for and if relevant and appropriate, contribute to and / or deliver a bridge to Wormwood Scrubs. Any connection will need to consider how it will cross and provide passive provision for future development on the IEP Depot.	To respond to the Inspector's Interim Findings and mitigate loss of housing capacity, Channel Gate and other locations will be released from SIL for mixed use development and Old Oak North will be retained as SIL. Consequently, Old Oak Street connecting Old Oak South to Old Oak North and enabling the delivery of a bridge to Wormwood Scrubs cannot be delivered. Therefore, the reference to this bridge has been removed. Clarity for development to contribute to and / or deliver Wormwood Scrubs Street outside of the plan period has also been provided.
MM/PS2/OPDC/P1/18	OOS.13	4.18	Within Old Oak South, 30% of developable land should be publicly accessible open space. This can be achieved through the delivery of the new Old Oak South Local Park (please refer to Policy SP8 for the area of search for this park), enhancements to the Birchwood Nature Reserve (as part of the Grand-Union Canal Local Park—see Policy P3) and a range of other spaces. In the long term there is also the potential to explore the delivery of an additional Local Park in Old Oak South through the release of the Elizabeth Line Depot for development if demonstrated to be feasible.	To respond to the Inspector's Interim Findings and mitigate loss of housing capacity, Channel Gate and other locations will be released from SIL for mixed use development and Old Oak North will be retained as SIL. To reflect this change in land uses, Grand Union Canal Local Park will not be deliverable. As such, references to the Grand Union Canal Local Park being delivered in Old Oak South have been removed.  The Elizabeth Line Depot is currently identified as not being developed in the plan period; however, earlier development is supported. As part of this development there is a potential for the delivery of a Local Park.
MINOR/PS/Q5(3)  MM/PS2/OPDC/P1/19	OOS.15	4.20	Local Plan policies OPDC's IDP identifyies the likely requirements for infrastructure in the area, detailed further in OPDC's IDP. A significant amount of social infrastructure will be required. Current population and child yield projections indicate that there is a need to deliver one community hub, one super nursery and one sports centre in Old Oak South. These requirements are based on current population and child yield projections, which could change over time thereby impacting on the size and type of facilities required (see Policy TCC34). Proposals should appropriately safeguard land for	To ensure appropriate infrastructure information is contained within the Local Plan.  An update to the Social Infrastructure Needs Study has been produced to updated to identify the social infrastructure needed to meet the needs of the updated development capacity and phasing. This has resulted in changes to the location, phasing and quantity of social infrastructure across the OPDC area.

Ref.	Submission policy/ Para/figure	Updated policy/ Para/figure	Modification	Reason
			and contribute to and/or deliver these and other infrastructure requirements set out in the Local Plan and the further detail set out in the IDP, in accordance with Policy SP10.	
MINOR/PS/OPDC M16 (4)  MM/PS2/OPDC/P1C1/1	OOC.3	4.23	The Old Oak Common Station will serve High Speed 2 Ltd, the Elizabeth Line and Great West Mainline. OPDC will work positively, proactively and transparently with relevant stakeholders including the Department for Transport, High Speed 2, Network Rail and Transport for London to support the timely delivery of the Old Oak Common Station, associated works and the comprehensive regeneration of Old Oak South. OPDC will also work with transport operators to appropriately safeguard land for other supported rail connections into the station. At the time of publication of this Local Plan, this include the proposed Chiltern Line services. Please see OPDC's IDP for up-to-date requirements for safeguarding. Development proposals should also safeguard land for the potential delivery of the Chiltern Line to Old Oak Common Station.	To ensure rail connectivity is optimised.

		J	along the canal provides the opportunity for proposals to contribute to and/or enable the enhancement of these existing functions and to deliver new roles and uses along, and on, the canal.	Gate and other locations will be released from SIL for mixed use development and Old Oak North will be retained as SIL. To reflect this change in land uses, Channel Gate is identified to provide canalside activation.
MM/PS2/OPDC/P3/8 MM/PS2/OPDC/P3/9	GUC.3	4.41	New permanent and temporary moorings will be supported along the length of the canal with a focus at publicly accessible open spaces and other accessible locations including at:  the Old Oak North food and beverage quarterChannel Gate Local Park; the Atlas Junction Cluster; Birchwood Nature Reserve; Rolls Royce Yard;	To respond to the Inspector's Interim Findings and mitigate loss of housing capacity, Channel Gate and other locations will be released from SIL for mixed use development and Old Oak North will be retained as SIL. To reflect this change in land uses, Channel Gate Local Park is identified as suitable location for moorings. Rolls Royce is no longer identified to be delivered. Therefore, specific reference to moorings to activate this open space has been deleted.
MM/PS2/OPDC/P3/10	GUC.6	4.44	New bridges will play a critical role in supporting movement-between Old Oak North and Old Oak South, supporting locally distinctive place-making and helping to activate canalside spaces.	To respond to the Inspector's Interim Findings and mitigate loss of housing capacity, Channel Gate and other locations will be released from SIL for mixed use development and Old Oak North will be retained as SIL. To reflect this change in land uses, the locations of new bridges have been amended.
MM/PS2/OPDC/P3/11	GUC.7	4.45	The northern canalside route in Old Oak also provides an opportunity for areas within Old Oak NorthChannel Gate and Old Oak LaneScrubs Lane to be connected by a continuous walking and cycling route. The location of this route will likely vary, running beside the canal and around buildings located directly on to the water.	To respond to the Inspector's Interim Findings and mitigate loss of housing capacity, Channel Gate and other locations will be released from SIL for mixed use development and Old Oak North will be retained as SIL. To reflect this change in land uses, Channel Gate is identified to provide a canalside walking and cycling route.
MM/PS2/OPDC/P3/12	GUC.10	4.48	Within Channel Gate, the Local Park should be located on the Grand Union Canal and perform a range of functions including leisure, walking and cycling routes, canalside activities and community uses. Within Old Oak, the delivery of the Grand-Union Canal Local Park on both sides of the canal should provide a minimum of two hectares of publicly accessible open space. The Grand Union Canal Local Park will be an important feature in informing local character. It will also perform a range of roles,	To respond to the Inspector's Interim Findings and mitigate loss of housing capacity, Channel Gate and other locations will be released from SIL for mixed use development and Old Oak North will be retained as SIL. To reflect this change in land uses, the Old Oak North and Grand Union Canal Local Parks will not be deliverable. Therefore, references to these Local Parks have been removed to reflect the delivery of a Local Park in Channel Gate.

Ref.	Submission policy/ Para/figure	Updated policy/ Para/figure	Modification	Reason
			including leisure, walking and cycling routes, canalside activities, community uses and providing a focus for food and beverage uses. To support these roles, the Grand Union Canal Local Park will include green landscaping, civic space and a range of outdoor leisure facilities that will complement the different characters of the Local Parks in Old Oak North and Old Oak South.	
MM/PS2/OPDC/P3/13	GUC.11	4.49	The development of Old OakChannel Gate provides the opportunity for new water spaces in the form of basins and/or widening of the existing canal. New canal water spaces must contribute to conserving and enhancing the character of the canal and must help to address drainage issues across Old Oak.	To respond to the Inspector's Interim Findings and mitigate loss of housing capacity, Channel Gate and other locations will be released from SIL for mixed use development and Old Oak North will be retained as SIL. To reflect this change in land uses, new canal spaces will not be sought in Old Oak North.
MM/PS2/OPDC/P3/14	P3(n)	P3(n)	n) Contributing to a variety of building heights that respond to the canal's heritage, character, biodiversity and amenity roles by delivering heights and massing that support the functioning, designations, amenity and character of the canal and canalside spaces by:  i. Subject to the impact on the heritage, character, biodiversity and amenity of the Grand Union Canal, within Old OakChannel Gate, delivering heights of generally 6 to 8 storeys fronting directly onto the Grand Union Canal with opportunities for tall buildings at key crossing points such as Old Oak Lane and Scrubs Lane; and  ii. within Park Royal and Old Oak North, delivering appropriate heights that balance the need to conserve and enhance the heritage, character, biodiversity and amenity of the Grand Union Canal to supportwith the functioning and intensification of the Strategic Industrial Location.	To clarify that building heights adjacent to the canal will be determined in accordance with relevant policies and material considerations.

Ref.	Submission	Updated	Modification	Reason
	policy/ Para/figure	policy/ Para/figure		
	GUC.14	4.52	Policy SP9 identifies the canal as a sensitive location, reflecting its existing character, use, SINC designation and conservation area status. In response to these roles, for proposals sitting directly on to the canal, buildings of generally 6 to 8 storeys are considered to be appropriate5. However, each site will need to consider the site specific circumstances and accord with relevant London Plan and Local Plan policies alongside other material considerations	
MM/PS2/OPDC/P3/15	GUC.14	4.52	Within Park Royal Strategic Industrial Locations, building heights will need to respond to OPDC's aspirations to support economic growth and job creation through the intensification of industrial floorspace6 while continuing to conserve and enhance the canal in terms of its heritage and ecology designations.	To respond to the Inspector's Interim Findings and mitigate loss of housing capacity, Channel Gate and other locations will be released from SIL for mixed use development and Old Oak North will be retained as SIL. To reflect this change in land use designations, references to Park Royal as the sole industrial area and references to Old Oak as the only mixed use area have been removed and associated considerations have been amended.
MM/PS2/OPDC/P3/16	GUC.15	4.53	Unlocking the comprehensive redevelopment of Old-Oakareas will necessitate the provision of a substantial amount of new and improved physical infrastructure along and across the Grand Union Canal.	To respond to the Inspector's Interim Findings and mitigate loss of housing capacity, Channel Gate and other locations will be released from SIL for mixed use development and Old Oak North will be retained as SIL. To reflect this change in land use designations, references to Park Royal as the sole industrial area and references to Old Oak as the only mixed use area have been removed and associated considerations have been amended.
MM/PS2/OPDC/P3/17	GUC.15	4.53	Any <u>development or</u> infrastructure adjacent to or across the canal will need to ensure that the canal's structural integrity is not compromised, in accordance with the relevant national policy and guidance in place at the time (including relevant paragraphs of the NPPF and Land Stability NPPG).	To ensure the structural integrity of the canal is maintained.
MM/PS2/OPDC/P3/18	GUC.16	4.54	In addition to its roles in managing flooding, the canal also provides an opportunity to generate localised heat and cooling for development in Old Oak 7.	To respond to the Inspector's Interim Findings and mitigate loss of housing capacity, Channel Gate and other locations will be released from SIL for mixed use development and Old Oak

	Ref.	Submission policy/ Para/figure	Updated policy/ Para/figure	Modification	Reason
					North will be retained as SIL. To reflect this change in land use designations, references to Old Oak as the sole location for the canal to provide an opportunity to generate heat and cooling for development has been removed.
	MM/PS2/OPDC/P4/1	P4(a)	P4(a)	Delivering 3,5403,390 new jobs within SIL, by taking opportunities to intensify the use of all sites, but in particular on identified site allocations, and having regard to the locations and typologies identified in OPDC's Park Royal Intensification Study;	To respond to the Inspector's Interim Findings and mitigate loss of housing capacity, Channel Gate and other locations will be released from SIL for mixed use development and Old Oak North will be retained as SIL. To reflect this change in land use designations and mitigate it's impacts to ensure General Conformity with the
		PRW.3	4.58	OPDC has carried out work to explore ways to deliver additional floorspace and industrial jobs1. This work highlights sites and typologies where industrial intensification may be possible through vertical/horizontal extensions, internal subdivision or comprehensive redevelopment. It demonstrates that, overall, an uplift of around 3,5003,390 jobs could be achieved, although this figure is indicative and is dependent on site specific constraints.	London Plan, development capacity and trajectory information has been updated.
	MM/PS2/OPDC/P4/2	P4(b)	P4(b)	Delivering 6120 new jobs and a minimum 1,200575 homes on sites outside of SIL, achieving early delivery of housing to contribute towards OPDC's 0-10 year housing supply, in line with the Brewery Cluster, and First Central and Lakeside Drive site allocations.	To respond to the Inspector's Interim Findings and mitigate loss of housing capacity in order to ensure General Conformity with the London Plan, sites within Park Royal West are now identified as coming forward within the Plan period. This change aligns with the updated development capacity and trajectory information.

	Para/figure	Para/figure		
MM/PS2/OPDC/P6/13	New para	4.97	The junction of Abbey Road, Acton Lane, Park Royal Road and Coronation Road – which are the roads referred to as the 'Big X'- sits at the heart of the town centre. The Big X forms the basis of the local bus network and the primary walking and cycling routes connecting Park Royal centre to the six surrounding rail stations, and nearby town centres. The junction dissects Park Royal Neighbourhood Centre and acts as a significant barrier to movement and the creation of a coherent centre. A poor pedestrian experience and cycling links into the centre make it difficult to travel to and navigate around. The Big X routes are heavily trafficked, dominated by car parking and congested, and this affects bus journey times/reliability, air quality and the quality of the public realm. There is an opportunity to address these issues as part of the wider transformation of Park Royal into an exemplar industrial estate, and through the following focussed interventions:  • removing through traffic on the Big X;  • supporting fast and reliable bus services and increasing capacity, including the potential for a complementary night shuttle bus service for shift workers;  • removing and rationalising car parking;  • supporting more efficient freight movements;  • better connecting the-six- rail stations surrounding Park Royal, via the big X, with better public realm, crossings, traffic calming, CCTV, lighting and signage to support walking and cycling;  • creating new public spaces and support street greening within the town centre;  • creating and upgrading cycles lanes facilities to deliver a joined up cycle route network	To clarify the interventions, in line with OPDC's Liveable Neighbourhoods proposals, that would help deliver the aspirations of the Mayor's Transport Strategy to encourage walking, cycling and public transport use, fewer vehicle trips and more attractive, healthy, accessible and safer streets.
MM/PS2/OPDC/P6/14	PRC.10	4.99	New publicly accessible open space should be provided in Park Royal Centre to contribute to the	To clarify the interventions, in line with OPDC's Liveable Neighbourhoods proposals, that would

	MC.4	4.212	development on Mitre Wharf-east-west canalside routes1.  New and improved walking and cycling routes along the north of the canal should be delivered to enable.	
			people to access Old Oak North, Mary Seacole Gardens and Scrubs Lane. The delivery of a separate walking and cycling bridge alongside the Mitre Bridge and linked railway bridge would be supported if demonstrated to be required and feasible3. This will enable a continuous high quality walking and cycling route along Scrubs Lane.	
	MC.6	N/A	To the west of Mitre Bridge, a new connection to Mary Seacole Gardens should be delivered to improve the choice of walking and cycling routes and continue to provide access to existing and new moorings5.	
MM/PS2/OPDC/P10C4/3	MC.3	4.211	Moorings play an important role in supporting the historic canalside character, in meeting housing need and in providing space for employment and leisure activities. To support these roles, existing and new permanent and temporary moorings should be delivered in agreement with the Canal and River Trust, other relevant canal-side landowners and local residential mooring associations2.	To recognise the need for other canalside landowners to agree to the delivery of moorings.
MM/PS2/OPDC/P10C5/1	N/A	P10C5 policy and supporting text (new)	The new P10C5 cluster policy has been included. To review the new policy text, please refer to the Local Plan.	To respond to the Inspector's Interim Findings and mitigate loss of housing capacity, Channel Gate will be released from SIL for mixed use development and Old Oak North will be retained as SIL. To address the loss of housing capacity in Old Oak North, other deliverable or developable sites that benefit from updated development information have been included in plan period. This includes the North Pole East Depot.

Ref.	Submission	Updated	Modification	Reason
	policy/ Para/figure	policy/ Para/figure		
	T arangure	T ara/ngure		Wormwood Scrubs Street and the North Pole East Depot were previously identified to be delivered after the current plan period.  However, the landowner of the North Pole East Depot has confirmed a willingness to develop the site within the first 10 years of the Local Plan period. This would enable the delivery of Wormwood Scrubs Street and walking/cycling access to Scrubs Lane.  Due to this improved east-west connectivity provided by Wormwood Scrubs Street, the Mitre Way area meets the criteria for a cluster set out in paragraph 4.3 in the Local Plan.  Therefore the new Mitre Way Cluster policy has been included within the Local Plan.
MM/PS2/OPDC/P11/1	P11 Vision	P11 Vision	An enhanced station will provide better public transport connections and new and/or enhanced routes will improve connectivity to Harlesden and Old Oak	Typographical corrections to reflect that some of the connections will be new and some will be enhancements to existing.
MM/PS2/OPDC/P11/2	P11(a)(ii)	Deleted policy	supporting the long term redevelopment of the Willesden Train Maintenance Depot provided an appropriate solution for the relocation, reconfiguration and/or development can be agreed; and	To respond to the Inspector's Interim Findings and mitigate loss of housing capacity, Channel Gate will be released from SIL for mixed use development and Old Oak North will be retained as SIL. This prevents the delivery of Old Oak Street in Old Oak North and Willesden Junction which would have provided access to Willesden Train Maintenance Depot as a potential development site. As such, development of the depot is unlikely to be deliverable or developable.
MM/PS2/OPDC/P11/3	P11 b)	P11 b)	b) Delivering a range of high quality B1 workspaces and employment and/or town centre uses across Willesden Junction where residential uses are less appropriate;	To align with new Use Class Order

			Chapter (chapter 7).	
			, ,	
			5.4 The chapter comprises a series of Principles for	
			securing high quality design and design policies.	
			POLICY D1Principles for Ssecuring high quality	
			design	
			5.5 OPDC will support development proposals where	
			they have been subject to a high quality and	
			comprehensive design process resulting in high	
			quality design outcomes. To deliver this the following	
			design principles have been developed to help guide development.	
			For all development proposals, they should,	
			where relevant and appropriate:	
			i. commit to using mechanisms to	
			secure delivery of design quality, as	
			defined in submission documents,	
			where these elements are not	
			approved on the grant of planning	
			permission; ii. make use of the OPDC Place	
			Review Group and OPDC	
			Community Review Group; and	
			iii. engage positively and proactively	
			with OPDC and relevant statutory	
			consultees as early as possible in the	
			design process.	
			<ol> <li>For major development proposals, they</li> </ol>	
			should, where relevant and appropriate:	
			<ul> <li>i. demonstrate use of best practice in developing project briefs;</li> </ul>	
			ii. clearly demonstrate how different	
			options for site development have	
			been considered as part of the pre-	
			application process;	
			iii. undertake proactive engagement	
			with the community and potential end

	policy/	policy/		
	Para/figure	Para/figure		
		-	users to inform design in line with OPDC's Statement of Community Involvement (SCI); iv. consider committing to providing a Section 106 monitoring contribution if the original design team is not retained for the detailed design stage; and	
			v. for outline or hybrid applications, include binding design codes with the application material to inform design within development parameters at the reserved matters stage.	
			<ol> <li>For proposals referable to the Mayor, they should, where relevant and appropriate provide digital modelling and supporting data in an agreed format with OPDC officers during the development of design and at submission.</li> </ol>	
			5.65 Delivering on the principles of Good Growth will require a high quality development design process. The requirements for achieving high quality design are set out in the NPPF, the London Plan, Policy SP9 (Built Environment), the Places Chapter and the	
			Design Chapter. These policies' requirements The principles for securing high quality design should be embedded from the beginning of the development design process and should be proportionate to the	
			size and/or potential impact of the proposal.  5.76 The development design process should deliver a high quality proposal supported by appropriate evidence that has been informed by an iterative process with clear development options considered with OPDC officers and submitted as part of planning applications for determination. OPDC will expect	
			applications for determination. OPDC will expect applicants to demonstrate a commitment to high quality design and not to include inappropriate substitutions which compromise the quality of design. To support this approach, mechanisms, such as	

	Ref.	Submission	Updated	Modification	Reason
		policy/	policy/		
		Para/figure	Para/figure		
				Section 106 agreements and conditions will be used	
				to ensure that design quality is carried through into	
				the detailed design and construction of the	
				development.	
				5.87 The OPDC Place Review Group is an	
				independent body used by OPDC to advise on the	
				production of planning policy and development	
				proposals. This group draws on its membership of	
				experts from planning, landscape architecture,	
				architecture, conservation, engineering and other	
				built environment sectors. The OPDC Community	
				Review Group is formed of local community	
				representatives. The advice provided to OPDC by	
				both these groups is valuable to the development	
				design process. Proposals will be expected to be	
				reviewed by these groups where relevant and	
				appropriate. Further details regarding these groups is	
				available on OPDC's website.	
				5.98 A critical component of successful proposals is	
				ensuring that the design considers the people using	
				and impacted by the development. As such, major	
				applications will be supported where they	
				demonstrate effective engagement with local	
				communities and potential end users of the	
				development. Further information is set out in	
				OPDC's SCI. Continued learning following the	
i				implementation of development is also important.	
				Developers will be required to undertaken post-	
				occupancy surveys to support the delivery of high	
				quality places (see Policy DI3).	
				5. <u>109</u> Amendments to the design of major	
				applications can have a significant impact on the	
ı				quality of the design by virtue of their scale and	
				impact on surroundings, A s106 monitoring	
				contribution can be offered to provide reassurance	
				that if the original architects or landscape architects	
				are not retained for the detailed design stage, the	
				OPDC can commission design advice to ensure that	
				the original design quality is maintained in its	
				consideration of detailed design proposals To-	

	Ref.	Submission policy/	Updated policy/	Modification	Reason
		Para/figure	Para/figure	manage any potential change to the design team, OPDC will expect a Section 106 monitoring contribution to be payable if the original architects or landscape architects are not retained for the detailed design stage. The contribution will be used to secure design advice on revisions to the scheme to ensure that the original design quality is maintained through detailed design. Contributions will need to be agreed on a case-by-case basis depending on the site specific circumstances. 5.110 Major outline or hybrid applications should be supported by design guidelines secured as part of Section 106 agreements and / or planning conditions to ensure the delivery of high quality detailed design at reserved matter stage(s). Design codes should relate specifically to the proposal. Applicants will be expected to discuss the scope of their content with the case officer early in the development design	
_				process to ensure a sufficient level of detail is provided. OPDC will expect design codes to include a sufficient level of detail for ground floors and where development addresses the street and wider public realm.  5.124 Proposals referable to the Mayor are defined in the glossary. Given the potential significant impact of these proposals, these schemes will require substantial analysis during their determination. To support this process, proposals will be expected to provide digital models and any other relevant data to OPDC, in formats agreed by OPDC officers, during pre-application discussions and at submission.	
	MM/PS2/OPDC/D2/1	5.12	5.14	The long term development of Old Oak and ongoing protection and intensification of Park Royal the OPDC area requires careful consideration of how the design, delivery and management of new and improved public realm is coordinated.	To respond to the Inspector's Interim Findings and mitigate loss of housing capacity, Channel Gate and locations will be released from SIL for mixed use development and Old Oak North will be retained as SIL. To reflect this change in land use designations, references to Park Royal as the sole industrial area and references to Old

ļ				quality congested environment within Park Royal restrict accessibility across the area.	development and Old Oak North will be retained as SIL. To reflect this change in land use designations, references to Park Royal as the sole industrial area and to Old Oak as the only mixed use area have been removed and associated considerations have been amended.
	MM3/PS/Q3f	D3(c)	D2(c)	c) <u>demonstrate whether engagement</u> with relevant stakeholders <u>has-to inform ed the design of proposals</u> at the earliest opportunity.	To ensure the effectiveness of the Plan by including as policy, requirements only referred to in the supporting text.
		5.25	5.27	Applicants will be required to work with a range of stakeholders to achieve this aspiration and demonstrate whether this engagement has informed the design of development within proposals' Design and Access Statements. Stakeholders includeing the OPDC Place Review Group, OPDC Community Review Group, local access groups and the GLA Strategic Access Panel. This engagement will be	
	MM3/PS/Q3e			expected throughout the design development process in accordance with Policy D1as set out in the Principles for Securing High Quality Design.	To clarify the function of policies to guide development.
	MM/PS2/OPDC/D4/1 MM17/PS/Q3e	5.28	5.30	By relating well to existing positive elements of the local character and context, proposals can enhance positive elements of character and help to inform new character areas to nurture a sense of place. This will be critical during the long term development of OldOak and evolution of Park Royalthe OPDC area. See Policy D78 and OPDC's Heritage Strategy for further information.	To respond to the Inspector's Interim Findings and mitigate loss of housing capacity, Channel Gate and other locations will be released from SIL for mixed use development and Old Oak North will be retained as SIL. To reflect this change in land use designations, references to Park Royal as the sole industrial area and to Old Oak as the only mixed use area have been removed.
					To clarify the function of policies to guide development.
	MM17/PS/Q3e	5.29	5.31	The interface between the design of a building and public realm needs careful consideration to ensure they complement one another and enhance the local character and environment (see Policy D2D1).	To clarify the function of policies to guide development.
	MM17/PS/Q3e				

Ref.	Submission policy/ Para/figure	Updated policy/ Para/figure	Modification	Reason
			Amenity will also be an important factor in considering how a building contributes to the townscape. Policy D56 provides relevant guidance.	To clarify the function of policies to guide development.
MM/PS2/OPDC/D4/2	5.30	5.32	The high density environment of Old Oak and industrial nature of Park Royal form of development in the OPDC area will require the use of materials that are hard-wearing, weather well and are adaptable. This is specifically relevant to Old Oakschemes where temporary materials may need to be utilised during the construction phase. For both permanent and temporary materials, the use of sustainable coordinated materials will be critical (see Policy EU8).	To respond to the Inspector's Interim Findings and mitigate loss of housing capacity, Channel Gate and other locations will be released from SIL for mixed use development and Old Oak North will be retained as SIL. To reflect this change in land use designations, references to Park Royal as the sole industrial area and to Old Oak as the only mixed use area have been removed and considerations on use of materials have been amended.
MM/PS2/OPDC/D4/3	5.35	5.37	The amount of New high density development in Old-Oak will provide an extensive area of roof space alongside the existing roof space in Park Royal.	To respond to the Inspector's Interim Findings and mitigate loss of housing capacity, Channel Gate and other locations will be released from SIL for mixed use development and Old Oak North will be retained as SIL. To reflect this change in land use designations, references to Park Royal as the sole industrial area and to Old Oak as the only mixed use area have been removed and considerations on use of roof space have been amended.
MM4/PS/Q3g	D5(c) and (d)	D4(c) and (d)	POLICY Proposals for tall buildings will be supported as an appropriate form of development in principle where they: a) accord with latest relevant national guidance, London Plan policies, Policy SP9 and relevant policies within the Places Chapter; b) deliver significant benefits for the surrounding area and communities including promoting legibility to destinations; c) demonstrate whether undertake proactive engagement with the community and other relevant	To ensure the effectiveness of the Plan by including as policy, requirements only referred to in the supporting text.
			stakeholders, including the Greater London Authority	

Ref.	Submission policy/	Updated policy/	Modification	Reason
	Para/figure	Para/figure		
	5.45	5.46	and Historic England has informed the design of proposals; and d) accord with relevant guidance for RAF Northolt safeguarding zones including consulting with the Defence Infrastructure Organisation on any proposals of 91.4m above ground level.  Old Oak and Park Royal is located within the safeguarding zone surrounding RAF Northolt and consultation should be carried out with the Defence Infrastructure Organisation on any buildings which exceed the height threshold of 91.4m above ground level.	
MM17/PS/Q3e	5.43	5.45	Proposals should accord with Policy D56 and relevant London Plan policies in protecting amenity and be supported by information clearly demonstrating how they do not adversely impact on their surroundings.	To clarify the function of policies to guide development.
MM/PS2/OPDC/D6/1	5.50	5.52	Apartments will comprise the majority of housing in Old Oakthe OPDC area. Private open space will mainly be provided as balconies alongside terraces and roof gardens.	To respond to the Inspector's Interim Findings and mitigate loss of housing capacity, Channel Gate and other locations will be released from SIL for mixed use development and Old Oak North will be retained as SIL. To reflect this change in land use designations, references to Old Oak as the only mixed use area have been removed.
MM2/PS/Q3h	D6(a), (h(i)) and (i(i))	D5(a), (h(i)) and (i(i))	POLICY Proposals will be required to deliver an appropriate standard of amenity by:	To ensure the effectiveness of the Plan.
			a) submitting a Daylight, Sunlight and Microclimate Assessment where the scale of proposed buildings has the potential to affect the amenity of sensitive neighbouring uses; b) achieving the benchmarks for amenity set out in table 5.1 or alternatives agreed with OPDC; c) implementing the Agent of Change principle so that:	

Ref.	Submission	Updated	Modification	Reason

		ii) potential exposure to pollution above the	
		Government's air quality objective	
		concentration targets; and	
		iii) the impacts of demolition, construction	
		and operational phases of development;	
		c) ensuring the Air Quality Assessment required	
		under a) identifies delivering mitigation measures to-	
		be implemented to reducinge:	
		i) emissions, particularly of nitrogen oxide	
		and particulate matter, including PM10 and	
		PM2, to meet the Air Quality Positive	
		objective; and	
		ii) exposure to acceptable levels;	
		d) implementing the recommendations of the Old Oak	
		and Park Royal Air Quality Study (AQS) summarised	
		in table 6.1;	
		e) helping to reduce pollution in air quality focus	
		areas, identified in figure 6.6, to comply with the most	
		up to date national air quality standards;	
		f) delivering and/or contributing to the provision of	
		new automatic monitors and diffusion tubes, with	
		equipment to monitor NO2 and PM10 at locations	
		identified in figure 6.6;	
		g) complying with the relevant borough's Air Quality	
		Action Plans (AQAPs) and the mitigation measures	
		identified therein;	
		h) meeting EU or subsequent nationally established	
		health-based standards and objectives for NO2 and	
		PM10 and other particulates;	
		i) designing and positioning buildings, civic and open	
		spaces to minimise exposure to elevated levels of	
		pollution by avoiding creating street canyons, or	
		building configurations that inhibit effective pollution	
		dispersion. In particular, bus and taxi facilities should	
		be designed to avoid the build-up of pollution;	
		j) minimising emissions from any combustion based	
		sources of energy that are deployed by ensuring low	
		emission plant is used and where appropriate	
		suitable after treatment technologies are adopted;	
		and

	policy/ Para/figure	policy/ Para/figure		
	T dramgare	T dra/ngdrc	quality of life as a result of both the construction and operational phases of new development; b) ii) demonstrate development complyies with the most relevant and current building standards (BS); and c) iii) identify unacceptable impacts and secure the appropriate deliver y of mitigation measures to address unacceptable impacts; 6.60. OPDC will require all major development or developments that are particularly sensitive to noise and/or vibration to undertake a Noise and Vibration Assessment (NVA).	
			6.61. The NVA should demonstrate that development proposals will comply with the most up-to-date British Standards Institution's (BSI's) Building Standards (BS), and it should also demonstrate how significant adverse impacts of noise and vibration on health and quality of life as a result of new development will be avoided and include predictive modelling to identify appropriate mitigation measures both at the construction and occupation phases of the development.	
MMX/PS/Q3n	EU6(d)(i), 6.66	EU6(d)(i), 6.66	d) Major development proposals will be supported where they demonstrate: i) through a Site Waste-Management Plan, that their waste will be managed, both during construction and operation, as high up the waste hierarchy as possible; ii) a collaborative approach with the Waste Authorities and OPDC is being positively adopted to help deliver strategic waste management systems in order to meet national and London waste recycling targets; iii) adequate provision for waste storage and collection within developments, in accordance with the London Waste Recycling Board's (LWARB) guidance on recycling and storage, ensuring: A) source segregation of biowaste and other recyclables; B) control of odour, nuisance and air and noise pollution from waste storage and collection; and C) working with relevant local waste authorities to ensure waste collection approaches align with current and future waste collection arrangements;	To ensure the effectiveness of the Plan.

Ref.	Submission policy/ Para/figure	Updated policy/ Para/figure	Modification	Reason
			6.66. Waste is a major issue for London. London is seeking to reduce waste and in particular waste sent to landfill by promoting the waste hierarchy, as set out in the London Plan (see figure 6.8). It gives top priority to preventing waste in the first place. When waste is created, it gives priority to preparing it for reuse, then recycling, then recovery, and last of all disposal (e.g. landfill). Developments should demonstrate how they have considered managing waste in accordance with the waste hierarchy through design, construction and operation within a Site Waste Management Plan as part of their submitted Sustainability Statement.	
MM/PS2/OPDC/EU6/1	6.69	6.69	The WLWP and the safeguarding of these sites provided sufficient capacity to meet the current London Plan (2016) apportionment targets for Brent and Ealing. However, the London Plan (2021) has revised apportionment targets for Brent and Ealing and OPDC will work with the London Boroughs of Brent, Ealing and other waste planning authorities covered by the WLWP to adopt a new WLWP	To ensure general conformity with the Publication London Plan.
MM2/PS/ Q3o	EU7	EU7	Major development proposals will be supported where: required to submit a Circular and Sharing Economy Statement, demonstrateing:  a) how the design and construction of the development enables buildings and their constituent materials, components and products to be disassembled and reused at the end of their useful life;  b) where, so far as is possible, the circular and sharing economy has been promoted through leasing or rental arrangements for building systems.	To ensure the effectiveness of the Plan.
			or rental arrangements for building systems, products and materials; c) how sharing economy principles have been adopted in the design, construction and on-going operation of the development; and

	Para/figure	Para/figure	infrastructure and parking facilities that can benefit everyone who lives and works in the area	development and Old Oak North will be retained as SIL. To reflect this change in land use designations, references to Old Oak as the only mixed use area have been removed and associated considerations have been amended including cycle infrastructure.
MINOR/2/T3/13	7.27	7.27	OPDC will also support proposals for infrastructure which will enable other complementary cycle hire schemes to be developed and implemented across the area. Any proposals will need to be delivered in consultation with the local highways authorities	To clarify the role of local highways authorities.
MM17/PS/Q3e			Docking stations must be appropriately embedded into the public realm in accordance with Policy D2D1.	To clarify the function of policies to guide development.
MM/PS2/OPDC/T4/1	T4 c)ii.	T4 c)ii.	i. incorporate 20% active and 80% passive electric charging points for electric vehicles at all new residential parking spaces and infrastructure for electric vehicles in all new operational non-residential car parking spaces, including active charging points for all taxi spaces;	To ensure general conformity with Publication London Plan.
MM/PS2/OPDC/T4/2	7.33	7.33	Providing sufficient charging points is essential in encouraging the uptake of electric vehicles. To this end, OPDC requires that 20% of all new residential parking spaces have active provision for electric vehicles and the remaining 80% of all new residential parking spaces have passive provision for electric vehicles. 100% of the car parking spaces used operationally for non-residential developments should have electric vehicle charging infrastructure and proposals should provide active charging points for all taxi spaces.	To ensure general conformity with Publication London Plan.
MM/PS2/OPDC/T4/3	7.35	7.35	In particular, it is likely that facilities for scheduled coach services in Old Oak South (in particular at Old Oak Common Station) will need to be provided.	To respond to the Inspector's Interim Findings and mitigate loss of housing capacity, Channel Gate will be released from SIL for mixed use development and Old Oak North will be retained as SIL. To reflect this change, the policy has

Ref.	Submission policy/ Para/figure	Updated policy/ Para/figure	Modification	Reason
				been updated to apply more specifically to parts of Old Oak.
MM/PS2/OPDC/T5/1	7.37	7.37	Three-Two new rail stations are proposed (see figure 7.12): Old Oak Common (High Speed, Elizabeth Line and Great Western Mainline), and the potential London Overground Stations at: Old Oak Common Lane and Hythe Road.	To respond to the Inspector's Interim Findings and mitigate loss of housing capacity, Channel Gate will be released from SIL for mixed use development and Old Oak North will be retained as SIL. To reflect this change in land use designations, Hythe Road Overground Station is no longer required to support the delivery of these site allocations and therefore its reference has been removed.
MM/PS2/OPDC/T5/2	7.38	7.38	Old Oak The OPDC area will become one of the most connected places in the UK once Old Oak Common the proposed new stations are opensed.	To respond to the Inspector's Interim Findings and mitigate loss of housing capacity, Channel Gate will be released from SIL for mixed use development and Old Oak North will be retained as SIL. To reflect this change in land use designations, references to Park Royal as the sole industrial area and references to Old Oak as the only mixed use area have been removed and associated considerations have been amended to apply more generally across the OPDC area.  The change also recognises that Old Oak Common station will be the station that brings a significant step change in public transport access to the OPDC area.
MM/PS2/OPDC/T5/3	7.41	7.41	New rail stations and rail lines should support Old-Oak_the OPDC area becoming a major new commercial and high- density residential centre by optimising development opportunities on and/ or adjacent to stations and tracks.	To respond to the Inspector's Interim Findings and mitigate loss of housing capacity, Channel Gate will be released from SIL for mixed use development and Old Oak North will be retained as SIL. To reflect this change in land use designations, references to Park Royal as the sole industrial area and references to Old Oak as the only mixed use area have been removed and associated considerations have been amended to apply more generally across the OPDC area.
MM2/PS/Q3d	T6(a)	T6(a)	Development proposals will be supported where they: facilitate, deliver and contribute to the existing and future bus network and infrastructure, including the	To ensure appropriate infrastructure information is contained within the Local Plan

		J		conformity with the London Plan in his Letter of General Conformity.
MM/PS2/OPDC/H1/2	H1(a)	H1(a)	supporting proposals that contribute to the delivery of minimum annual housing target of 4,005993 homes, where these accord with other Local Plan policies;	To respond to the Inspector's Interim Findings and mitigate loss of housing capacity, Channel Gate and other locations will be released from SIL for mixed use development and Old Oak North will be retained as SIL. This has resulted in a change to the annual housing target.
MM/PS2/OPDC/H1/3	H1c)	H1c)	delivering a minimum of 18,900 homes on Site Allocations, supporting the achievement of the housing targets identified within the Place policies	Numbers tbc following amendments to site allocations.
MM/PS2/OPDC/H1/4	8.8	8.8	OPDC's Development Capacity Study (DCS) identifies that over the next 20 years of this Local Plan, 19,850 homes can be delivered.	To respond to the Inspector's Interim Findings and mitigate loss of housing capacity, Channel Gate and other locations will be released from SIL for mixed use development and Old Oak North will be retained as SIL.  These modifications enable OPDC to be able to meet the London Plan 10 year target of 13,670 homes. The Mayor of London has confirmed that the Local Plan is therefore in general conformity with the London Plan in his Letter of General Conformity.
MM/PS2/OPDC/H1/5	8.8	8.8	This constitutes an annual housing target of 1,005993	,
MM/PS2/OPDC/H1/6	Table 8.1	Table 8.1	0 to 5 years     6 to 10 years     11 to 20 years     21+ years       4,0004,600     7,0006,950     9,100,8,300     6,4006,150	To respond to the Inspector's Interim Findings and mitigate loss of housing capacity, Channel Gate and other locations will be released from SIL for mixed use development and Old Oak North will be retained as SIL.

Ref.	Submission policy/ Para/figure	Updated policy/ Para/figure	Modification	Reason
				These modifications have resulted in updated phasing and capacities which enable OPDC to be able to meet the London Plan 10 year target of 13,670 homes.
MM/PS2/OPDC/H1/7	8.10	8.10	The current (2021) London Plan sets a target for 1,367 homes per annum to be delivered in Old Oak and Park Royal between 2019 and 2029. OPDC's Development Capacity Study shows that the OPDC area can deliver 1,35980 homes per annum over this period. However, OPDC will undertake the following strategies to seek to support the attainment of this Mayoral target, including:	To respond to the Inspector's Interim Findings and mitigate loss of housing capacity, Channel Gate and other locations will be released from SIL for mixed use development and Old Oak North will be retained as SIL.  These modifications have resulted in updated phasing and capacities which enable OPDC to be able to meet the London Plan 10 target of 13,670 homes.
MM/PS/OPDC M9(1)  This incorporates the following minor modifications at submission previously referenced as: MINOR/2/H2/6 MINOR/General5 MINOR/General6 and further post submission modifications reported at the hearing session	H2 b), c), d)	H2 b), c), d)	All residential developments will be required to provide affordable housing, by:  b) including early, mid and advanced stage review mechanisms in line with Mayoral guidance, to maximise the delivery of affordable housing and in particular, social rent or level housing (including London Affordable Rent), where development viability improves;  c) providing a minimum of 30% of affordable housing as either social rent (including or London Affordable Rent) and the remainder 70% as a range of social rent level housing (including or London Affordable Rent), Intermediate housing, including London Living Rent and London Shared Ownership (except for Build to Rent, see Policy H6); c)d) and ensuring intermediate homes are affordable to households on averagemedian incomes in the host local authorities;	To clarify the requirement for 30 per cent of affordable housing to be provided as either London Affordable Rent or Social Rent.  To clarify conformity with the Publication London Plan in terms of the presumption that the 40% to be decided by the Local Planning Authority will focus on social rent/London Affordable Rent, subject to viability constraints and delivering mixed and balanced communities. The changes to the policy and supporting text identify the 30% social rent/London Affordable Rent target as a minimum target by seeking to optimise social rent/London Affordable Rent through review mechanisms, public grant and seeking to exceed the 30% social rent/London Affordable Rent target on schemes that do not meet the Mayor's threshold approach to viability.  To further support maximising the delivery of affordable housing through mid-stage reviews.  To align with borough methodologies for ensuring affordability of intermediate homes.

Ref.		Submission policy/ Para/figure	Updated policy/ Para/figure	Modification	Reason
MM/PS	S/OPDC M9(2)	Table 8.2	Table 8.2	Title of first column: Social rent level housing <u>(including</u> or London Affordable Rent)	To clarify the requirement for 30 per cent of affordable housing to be provided as <i>either</i> London Affordable Rent <i>or</i> Social Rent.
	S2/OPDC/H2/1	8.19	8.19	However, it is recognised that site specific constraints, infrastructure requirements and financial viability may affect the amount of affordable housing that can be achieved on individual sites and will make the 50% strategic affordable housing target difficult to achieve without the availability of grant. This will particularly be the case on sites that require significant infrastructure to unlock development, such as within Old Oak South and Old Oak North (see chapter 4).	The Inspector's Interim Findings conclude that site allocations 2 and 3 would not be viable and capable of effective delivery for mixed use within the plan period. Consequently, given the withdrawal of the Housing Infrastructure Fund Bid, site allocation 4 is also no longer viable as a standalone proposition for mixed use. Therefore housing will not be delivered in Old Oak North.
This in minor submis referer MINC and fu modified	acorporates the following modifications at assion previously need as: DR/General11 rther post submission cations reported at the g session	8.21	8.21	OPDC's SHMA has identified that there is an 86% need for social rent level housing (including or London Affordable Rent or equivalent) housing as part of affordable housing need in the area as a consequence of the high cost of private renting or buying a home in the area. These households would additionally need to. This does not necessarily mean that these households would qualify for social rent level or London Affordable Rent housing through their council and this is determined under a number of factors under the Housing Act 1996 and other relevant homelessness legislation.but is a consequence of the high cost of private renting or buying a home in the area.	To clarify the requirement for 30 per cent of affordable housing to be provided as <i>either</i> London Affordable Rent <i>or</i> Social Rent.  To provide clarity of the qualification process for social rent or London Affordable Rent homes.

Ref.	Submission policy/ Para/figure	Updated policy/ Para/figure	Modification	Reason
MM/PS/OPDC M9(4)  This incorporates the following minor modifications at submission previously referenced as: MINOR/2/H2/6 and further post submission modifications reported at the hearing session	8.22	8.22	The AHVA has assessed the viability of delivering different levels and types of affordable housing. As recognised above, the scale of regeneration on what is a complex brownfield site presents significant challenges in terms of viability. The AHVA demonstrates that Ddelivering social rent level housing (including or London Affordable Rent) housing has the greatest impact on viability given the high cost of delivering housing at this level of discount on the market value. Delivering intermediate housing (including London Living Rent and London Shared Ownership) helps to improve the overall viability of delivering affordable housing. Further evidence on tenure, housing need and development viability is available in the supporting Housing Evidence Statement.	To clarify the requirement for 30 per cent of affordable housing to be provided as either London Affordable Rent or Social Rent  To clarify conformity with the Publication London Plan in terms of the presumption that the 40% to be decided by the Local Planning Authority will focus on social rent/London Affordable Rent, subject to viability constraints and delivering mixed and balanced communities. The changes to the policy and supporting text identify the 30% social rent/London Affordable Rent target as a minimum target by seeking to optimise social rent/London Affordable Rent through review mechanisms, public grant and seeking to exceed the 30% social rent/London Affordable Rent target on schemes that do not meet the Mayor's threshold approach to viability
MM/PS/OPDC M9(5)  This incorporates the following minor modifications at submission previously referenced as: MINOR/General7 MINOR/General8 and further post submission modifications reported at the hearing session	8.23	8.23	In order to create inclusive new communities at Old-Oak and Park Royal that are mixed and balanced by housing tenure and household income, OPDC's target ratio for affordable housing is Given the viability constraints identified above, the threshold level of affordable housing that developments must achieve to follow the Fast Track Route in OPDC should comprise:  a)  A minimum of 30% either social rent level housing or (including-London Affordable Rent);  b)  70% mix-the remainder a range of either social rent level housing ( or including-London Affordable Rent) and of including London Shared Ownership and London Living Rent.	To clarify the requirement for 30 per cent of affordable housing to be provided as <i>either</i> London Affordable Rent <i>or</i> Social Rent.  To further support the delivery of social rent and London Affordable Rent 30% is now described as a minimum. The remainder can also now include social rent and London Affordable Rent.

Ref.	Submission policy/	Updated policy/	Modification	Reason
MM/PS/OPDC M9(6)  This incorporates the following minor modifications at submission previously referenced as: MINOR/General9 MINOR/General10 and further post submission modifications reported at the hearing session	Para/figure New paras	Para/figure 8.24, 8.25	Given OPDC's and London's need for social rent level housing, OPDC will seek to maximise the level of social rent housing by:  a) prioritising the delivery of either social rent level housing or (including-London Affordable Rent) where early, mid and er late stage review mechanisms secured in Section 106 agreements identify that there is a surplus; b) seeking to exceed 30% either social rent level housing- or (including London Affordable Rent) on schemes that do not meet the Mayor's threshold approach to viability; and c) prioritising the provision of the social rent or London Affordable Rent homes through housing grant.  Following adoption of the Local Plan, OPDC will also revisit this policy and its associated viability evidence at the earliest opportunity within 5 years of adoption of the Local Plan to ensure that any increased development value can maximise the delivery of social rent or London Affordable Rent homes.	To clarify the requirement for 30 per cent of affordable housing to be provided as either London Affordable Rent or Social Rent.  To further support the delivery of social rent and London Affordable Rent through review mechanisms and grant.  To commit that this policy will be reviewed to ensure that it can maximise delivery of social rent/London Affordable Rent housing. This modification has been further revised to clarify when the review will happen.
MM/PS/OPDC M9(7)  This incorporates the following minor modifications at submission previously referenced as: MINOR/General13 and further post submission modifications reported at the hearing session	H3 b)	H3 b)	New residential development should deliver a balanced mix of housing types taking into account the following considerations:b) providing either social rent level housing or (including London Affordable Rent homes) in a mix of sizes that accords with OPDC's most up to date Strategic Housing Market Assessment	To clarify the requirement for 30 per cent of affordable housing to be provided as <i>either</i> London Affordable Rent <i>or</i> Social Rent.  To ensure consistency with Publication London Plan definitions.
MM/PS/OPDC M9(8)  This incorporates the following minor modifications at	8.34	8.36	To help meet needs, applicants will be expected to deliver 25% of all homes as units providing 3 or more bedrooms. The overall housing mix should include delivering the size mix for social rent level housing or	To clarify the requirement for 30 per cent of affordable housing to be provided as <i>either</i> London Affordable Rent <i>or</i> Social Rent.

	Ref.	Submission policy/ Para/figure	Updated policy/ Para/figure	Modification	Reason
	submission previously referenced as: MINOR/General13 and further post submission modifications reported at the hearing session			(including London Affordable Rent) that is set out in the latest SHMA.	To ensure consistency with Publication London Plan definitions.
	MM/PS2/OPDC/H8/1	8.67	8.69	The new draft London Plan 2017 has proposed a wider definition for planning purposes in London which includes gypsies and travellers who live in bricks and mortar housing due to the lack of sufficient pitch provision. If this new definition has been adopted, OPDC will have to review the GTANA and this policy.	To ensure general conformity with the Publication London Plan.
	MM/PS2/OPDC/H10/1	8.79	8.81	The Mayor's Academic Forum has provided projections for the growth of full time students in London–from 2011/12 to 2026/27 and the required additional purpose-built student accommodation that this growth generates. These projections estimate the need for approximately 88,000 net additional Purpose Build Student Accommodation (PBSA) bedspaces between 2016 and 2041, or 3,500 when annualised over the 25 year period.that by 2026/27 London's current student population of just over 365,000 will have increased to between 429,391 and 487,317.	To update the evidence base on the need for student accommodation in line with the Publication London Plan.
l	MM17/PS/Q3e	8.83	8.85	Proposals for student accommodation will be required to be of high quality in relation to design and size in accordance with Policy D34.	To clarify the function of policies to guide development.

MM/PS2/OPDC/E1/6	9.7	9.7	The release of SIL in Old Oak (see Figure 9.4) and The evidence of an accelerated loss of industrial land across London means that the remaining industrial land supply must be protected and used as intensively and efficiently as possible.	To respond to the Inspector's Interim Findings and mitigate the loss of housing capacity, new sites will be released from SIL for mixed use development and Old Oak North will be retained as SIL. To reflect this change in land use designations, references to Park Royal as the sole industrial area and references to Old Oak as the only mixed use area have been removed and associated considerations have been amended.
MM/PS2/OPDC/E1/7	8.8	9.8	The Mayor's London Plan requires the OPDC area to could achieve an overall increase in floorspace suitable for broad industrial type activities and intensification in Park RoyalSIL will be key to achieving this2. This intensification could be achieved through a number of interventions such as horizontal/vertical extensions, infill development, development on vacant land and comprehensive development of existing sites. Design approaches could and should include multi-storey industrial typologies.	To ensure general conformity with the Mayor's London Plan.  To respond to the Inspector's Interim Findings and mitigate the loss of housing capacity, new sites will be released from SIL for mixed use development and Old Oak North will be retained as SIL. To reflect this change in land use designations, references to Park Royal as the sole industrial area and references to Old Oak as the only mixed use area have been removed and associated considerations have been amended.
MM/PS2/OPDC/E1/8	9.10	9.10	There are an array of different space types and sizes across the Park Royal SIL, which helps to make it a competitive and attractive business location3. It is important that proposals in Park Royal SIL are well designed and support the effective function of businesses across a wide range of sectors4 and business sizes.	To respond to the Inspector's Interim Findings and mitigate the loss of housing capacity, new sites will be released from SIL for mixed use development and Old Oak North will be retained as SIL. To reflect this change in land use designations, references to Park Royal as the sole industrial area and references to Old Oak as the only mixed use area have been removed and associated considerations have been amended.
MINOR/PS2/OPDC/E1/1 MM17/PS/Q3e	9.11	9.11	OPDC will apply the agent of change' principle, in accordance with policy D56, when considering the impact of proposals adjacent to SIL to ensure that development will not harm the functioning of existing or future employment and industrial activities in SIL and vice versa, proposals for broad industrial type activities on the edge of SIL will need to adequately protect the amenity of adjacent mixed use developments.	Typographical error  To clarify the function of policies to guide development.

	policy/ Para/figure	policy/ Para/figure		
MM/PS2/OPDC/E2/1	E2	E2	Outside of SIL, OPDC will support proposals that: a) deliver employment floorspace that: i) contributes to meeting the strategic jobs target of 40,400-36,350 in Policy SP5 and the place jobs targets in chapter 4;	The Inspector's Interim Findings conclude that site allocations 2 and 3 would not be viable and capable of effective delivery for mixed use within the plan period. Consequently, given the withdrawal of the Housing Infrastructure Fund Bid, site allocation 4 is also no longer viable as a standalone proposition for mixed use. Therefore, to respond to the Inspector's Interim Findings and mitigate the loss of housing capacity, new sites will be released from SIL for mixed use development and Old Oak North will be retained as SIL. The job figures are being updated to reflect these changes to land use designations and site allocations developed in response to the Inspector's Interim Findings.
MM380	E2	E2	a) ii) is well designed for their intended purpose having regard to providing flexibility for a range of appropriate identified future employment growth sectors, as demonstrated through an applicant's Design and Access Statement;	As required by the Planning Inspector's Main Modification MM380.
MM/PS2/OPDC/E2/2	9.13	9.13	A significant quantum of new homes and new employment floorspace with opportunities for new jobs will be created outside of SIL through the regeneration and redevelopment of Old Oak South, North Acton, Park Royal Town Centre and First Central.	To respond to the Inspector's Interim Findings and mitigate the loss of housing capacity, new sites will be released from SIL for mixed use development and Old Oak North will be retained as SIL. To reflect this change in land use designations, references to Park Royal as the sole industrial area and references to Old Oak as the only mixed use area have been removed and associated considerations have been amended.
MM/PS2/OPDC/E2/3 MM/PS2/OPDC/E2/4	9.14	9.14	On sites outside of the SIL designation, there is capacity to deliver 27,600-28,150 new jobs, across a range of economic sectors1. The majority of this new employment floorspace will be delivered within the proposed new commercial centre around Old Oak Common station and within the new town centre hierarchy (Old Oak Major Town Centre, North Acton Neighbourhood Town Centre and Park Royal Town Centre and Atlas Junction Neighbourhood Town Centre), but there will be opportunities to deliver	To respond to the Inspector's Interim Findings, Old Oak North will be retained as SIL and, as a consequence, a new location for Old Oak major town centre is being identified that subsumes the Atlas Junction neighbourhood town centre. References to Atlas Junction Neighbourhood Town Centre have been removed to reflect this.  As a result of these changes the jobs capacity figures have been updated.

Ref.	Submission policy/ Para/figure	Updated policy/ Para/figure	Modification	Reason
			employment floorspace elsewhere, as part of mixed use development and in locations that could be unsuitable for residential accommodation. Proposals will be supported that contribute to this target and the relevant place targets (see chapter 4) and Site Allocation targets (see Policy SP10).	
MM/PS2/OPDC/E2/5 MINOR/PS2/OPDC/E2A	9.15	9.15	The delivery of high density development outside of designated SIL will mean that some existing employment sites will be redeveloped. However, there are opportunities to reprovide (co-locate) existing floorspace as part of future redevelopment in these areas. There is approximately 87 ha of industrial land and 255,835 sqm of industrial floorspace in the de-designated SIL area in Old Oak2. OPDC will seek to re-provide this industrial floorspace as part of new mixed use development outside of SIL, unless it can be demonstrated that it is not compatible or would compromise the delivery of relevant Place policies or Site Allocation targets. ThisAny reprovision, along with the industrial intensification in Park Royal SIL (see Policy E1) will help deliver an overall net gain of floorspace suitable for broad industrial type activities across the OPDC area, as required by the Mayor's London Plan. It is important that, where required, appropriate industrial use classes are secured in order to ensure floorspace can permanently accommodate industrial uses, and thereby maintain no net loss or deliver a net gain of industrial floorspace capacity. OPDC will monitor the loss/gain of industrial floorspace through its Authority Monitoring Report (AMR) to ensure that overall, development is resulting in a net gain in floorspace suitable for broad industrial type activities.	To respond to the Inspector's Interim Findings and mitigate the loss of housing capacity, new sites will be released from SIL for mixed use development and Old Oak North will be retained as SIL. To reflect this change in land use designations, references to Park Royal as the sole industrial area and references to Old Oak as the only mixed use area have been removed and associated considerations have been amended. To provide clarity on Publication London Plan and how policy applies in particular circumstances.
MM/PS2/OPDC/E3/1	9.24	9.25	For proposals to support the expansion of existing business tenants it is recognised that on-site provision of small, open and/or affordable workspace may not be practicable. In this circumstance, alternative arrangements to support local business growth will be considered acceptable, such as how	To provide clarity on application of policy where proposals involve the expansion of existing business tenants.

Ref.	Submission policy/ Para/figure	Updated policy/ Para/figure	Modification	Reason
			the expansion of the existing business operation could indirectly support small business growth.	
MM6/PS/Q3u	E5, 9.34	E5, 9.35	For major development proposals, a Local Labour, Skills and Employment Strategy and Management Plan will be required secured. This will enable them to demonstrate how they: The Local Labour, Skills and Employment Strategy and Management Planmust be developed in partnership with relevant stakeholders and subject to approval by the OPDC.	To ensure the effectiveness of the Plan.
			a) maximise the use of local labour; b) provide construction apprenticeships and vocational training; and c) ensure that small and medium sized local businesses and social enterprises have appropriate access to supply chain opportunities generated by the development.	
			9.35. To ensure proposals for major developments are meeting OPDC's socio-economic regeneration priorities and the requirements of policies SP5 and E5, a Local Labour, Skills and Employment Strategy and Management Plan (LLSESMP) should be developed in partnership with relevant stakeholders, incorporating predictions on labour demand forecasts and likely skills requirements. The LLSESMP must be subject to approval by OPDC. The strategy element of the LLSESMP should be included within applicant's Socio-Economic Statements and should cover the following key areas:	

## Town centre and community uses

## **Delivery and implementation**

Ref.	Submission policy/ Para/figure	Updated policy/ Para/figure	Modification	Reason
MM/PS2/OPDC/DI/1	11.2	11.2	The redevelopment regeneration of Old Oak and the regeneration of Park Royal hasve the potential to deliver a significant number of new homes and jobs to help meet local and London-wide needs.	To respond to the Inspector's Interim Findings and mitigate loss of housing capacity, Channel Gate will be released from SIL for mixed use development and Old Oak North will be retained as SIL. To reflect this change in land use designations, references to Park Royal as the sole industrial area and references to Old Oak as the only mixed use area have been removed and associated considerations have been amended.

	Ref.	Submission	Updated	Modification	Reason
		policy/ Para/figure	policy/ Para/figure		
	MM/PS2/OPDC/DI/2	11.8	11.8	The scale of infrastructure required to support the regeneration of the OPDC area is significant. OPDC's Development Infrastructure Funding Study (2015)  IDP estimates that infrastructure could total approximately £1.5 billion. Much of this infrastructure is already funded, some of this infrastructure is not required within the plan period and some is considered desirable, but not essential to delivering the homes, jobs and place-making ambitions within this Local Plan, but there remains a sizeable bill for infrastructure that is unfunded and that is required to deliver this vision and policy targets within this Local Plan.	To reflect that updates have now been undertaken to the IDP to provide further clarity on in infrastructure required to support the draft Local Plan and on infrastructure funding.
	MM/PS2/OPDC/DI/3	11.9	11.9	The priority for securing funding will be securing appropriate contributions from developments in the form of Section 106 agreements and Community Infrastructure Levy payments, but this alone will not be able to pay for all the <a href="mailto:essential">essential</a> infrastructure-required.	To reflect that updates have now been undertaken to the IDP to provide further clarity on in infrastructure required to support the draft Local Plan
	MM/PS2/OPDC/DI/4	11.9	11.9	Details on the approaches to infrastructure delivery and sources of funding and financing are set out in the proceeding paragraphs and are also outlined in further detail in OPDC's IDP.	To reflect that updates have now been undertaken to the IDP to provide further clarity on in infrastructure required to support the draft Local Plan
	MM/PS2/OPDC/DI/5	11.14	11.14	The Mayor of London's CIL is also chargeable in the OPDC area. At the time of this Local Plan's publication, this Mayoral CIL rate stands at £6035/m² in the London Boroughs of Brent and Ealing and at £50/m² in Hammersmith & Fulham and in broad terms applies to all development other than for education and health facility uses	To reflect adoption of MCIL2 rates in 2019.
   	MM/PS2/OPDC/DI2/1	11.21	11.21	The majority of land identified as 'deliverable', or 'developable' in 0-10 years, on which early development could commence in advance of the opening of the Old Oak Common station, is located in the Places of Old Oak North (Policy P2), Scrubs Lane (Policy P10), Willesden Junction (Policy P11), Old Oak Lane and Old Oak Common Lane (Policy P8),	To respond to the Inspector's Interim Findings and mitigate loss of housing capacity, Channel Gate and other locations will be released from SIL for mixed use development and Old Oak North will be retained as SIL. To reflect this change in land use designations, development capacity and trajectory information has been updated.

	raia/iigure	raia/iigure	(London – West Midlands) Act 2017 for the construction of the HS2 route and station at Old Oak Common.  The area is unlikely to be brought forward for development until the land is no longer required to support construction of the Old Oak Common station, which is currently programmed to open in 2026 from 2028 after 2028; however earlier development opportunities will be supported. OPDC's Place policy identifies allocates the majority of Channel Gate for residential led mixed use development that the majority of the area is safeguarded as Strategic Industrial Location (SIL) and this land use will be retained. There is the potential for an optimised and comprehensive approach to the longer term delivery of new SIL compliant employment development on this land. The place has the potential to contribute significantly to OPDC's jobs target and deliver high density, high quality innovative industrial uses.  To support the optimised delivery of this site, new infrastructure will be required, particularly new roads links into the site and new bridge links over the Grand Union Canal.	Gate will be released from SIL for mixed use development and Old Oak North will be retained as SIL. To reflect this change in land use designations, development site opportunities and challenges information have been updated.
MM/PS2/OPDC/DI2/6	Table 11.1	Table 11.1	Scrubs Lane is in mixed land ownership, although Cargiant own three sites. OPDC is in active discussions with several landowners along Scrubs Lane about the early delivery of development sites in this place.  Scrubs Lane is in mixed land ownership, although Cargiant own three sites. OPDC is in active discussions with several landowners along Scrubs Lane about the early delivery of development sites in this place.  The area is relatively unencumbered by infrastructure and is not directly impacted by HS2's construction so is largely available for redevelopment in the first 0-5 years of the Plan period.  The western side of the place has a direct relation to the Old Oak North place and will require a	To respond to the Inspector's Interim Findings and mitigate loss of housing capacity, Channel Gate and other locations will be released from SIL for mixed use development and Old Oak North will be retained as SIL. 	Para/figure	Para/figure	coordinated approach between landowners to ensure that development is delivered in a timely fashion, is optimised and that infrastructure requirements are appropriately planned for and delivered.	
MM/PS2/OPDC/DI2/7	Table 11.1	Table 11.1	optimised and that infrastructure requirements are appropriately planned for and delivered.  There are some smaller development opportunities on land around the station, whereby there may be opportunities for early development.  Upgrading Willesden Junction station in terms of capacity, interchange, and legibility will be a key requirement to the future success of this place and the wider OPDC area of Old Oak.  Network Rail own the majority of land in Willesden Junction. OPDC will work closely with Network Rail to help support an optimised approach to development capacity and ensure the timely delivery of upgrades to Willesden Junction Station.  Connecting this Place into both Harlesden and Old Oak North will be challenging but will be important to improve connectivity and reduce severance. This will also help to increase public transport accessibility levels on surrounding development sites.  Larger scale development opportunities to the east of the station around the Willesden Train Maintenance Depot will be dependent on resolving how existing land is used for transport functions. Some sites may be particularly challenging to bring forward as they may involve decking over live railway tracks and/or transport depots and/or relocation.	To respond to the Inspector's Interim Findings and mitigate loss of housing capacity, Channel Gate and other locations will be released from SIL for mixed use development and Old Oak North will be retained as SIL. To reflect this change in land use designations, development site opportunities and challenges information have been updated.

Ref.	Submission policy/ Para/figure	Updated policy/ Para/figure	Modification	Reason

MM/PS2/OPDC/AP/5	A1.35	A1.35	The new station at Old Oak Common, along with other transport infrastructure improvements including two potential new London Overground stations will place the Old Oak and Park Royal as key transport hubs that will offer exceptional connectivity to many of west London's key locations for growth.	To reflect the current status of the station.
MM/PS2/OPDC/AP/6	A1.39	A1.39	Harlesden Town Centre is a designated District Town Centre, providing much needed town centre facilities for people living in the area. The centre and its surroundings currently suffer from economic deprivation, falling within the top 10% most deprived wards nationally when measured against the Index of Multiple Deprivation (20159). Improved connections between it and the OPDC area provide significant opportunities for residents and businesses in Harlesden to benefit from regeneration. OPDC and Brent Council have established a Harlesden sub- group to coordinate projects and strategies for the area;	To reflect more recently published Indices of Multiple deprivation
